Background

The Transportation Committee adopted its 2012 Work Plan on February 23, 2012. Staff has updated the work plan to 1) reflect unanticipated items that were added during the course of the year, 2) note completion dates for most work items and 3) indicate items not completed in 2012. The updated work plan is attached.

Rationale

A review of the 2012 Work Plan will allow committee members the opportunity to provide feedback on the 2012 Transportation Committee's work and assist in the development of the 2013 Work Plan. Staff proposes bringing a draft 2013 Transportation Committee Work Plan to the January 14, 2013 meeting for its review with adoption following at the January 28, 2013 meeting.
