## Proposed Action

That the Metropolitan Council authorize a grant of \$719,400 from the State Acquisition Grant Account in the Park Acquisition Opportunity Fund to Three Rivers Park District to partially finance the acquisition of the 8.89 acre Hedtke parcel as part of Carver Park Reserve. The grant should be financed with \$431,640 of 2008 State Environment and Natural Resources Trust Funds and \$287,760 of Metropolitan Council bonds.

## Background

Since 2001, the Metropolitan Council has established a Park Acquisition Opportunity Fund grant program to assist regional park agencies in acquiring land for the Metropolitan Regional Park System. Land that is acquired must be within Metropolitan Council approved master plan boundaries for that particular park or trail unit. To-date, \$14.7 million has been granted to assist in the acquisition of 1,754 acres. The total related acquisition costs and market value of this land is \$51.8 million.

## Funding

Three Rivers Park District has negotiated the acquisition of an 8.89 acre parcel within the master plan boundary for Carver Park Reserve. The Park District requests a Park Acquisition Opportunity Fund grant of \$719,400 to finance 75% of the \$959,200 cost to acquire this parcel. If this grant is awarded there would be \$7,873,862 for future land acquisitions.

## Known Support / Opposition

The Metropolitan Parks and Open Space Commission (MPOSC) considered the Park District's grant request on September 4. The MPOSC found the request was consistent with the rules for awarding Park Acquisition Opportunity Grants and unanimously approved the recommendation.

There is no known opposition to this request.

**SUBJECT:** (2009-319) Park Acquisition Opportunity Grant request to purchase 8.9 acre parcel for Carver Park Reserve, Three Rivers Park District

**INTRODUCTION**

Since 2001, the Metropolitan Council has established a Park Acquisition Opportunity Fund grant program to assist regional park agencies in acquiring land for the Metropolitan Regional Park System. Land that is acquired must be within Metropolitan Council approved master plan boundaries for that particular park or trail unit. To-date, \$14.7 million has been granted to assist in the acquisition of 1,754 acres. The total related acquisition costs and market value of this land is \$51.8 million. (See **Attachment 1** for a list of all grants awarded to-date).

Three Rivers Park District has negotiated the acquisition of an 8.89 acre (rounded to 8.9 acre) parcel within the master plan boundary for Carver Park Reserve. The Park District requests a Park Acquisition Opportunity Fund grant of \$719,400 to finance 75% of the \$959,200 cost to acquire this parcel (See **Attachment 2** for grant request letter).

This memorandum analyzes this request against the rules for Park Acquisition Opportunity Fund grants. It recommends approving the grant cited above. If this grant is awarded there would be \$7,873,862 for future land acquisitions.

**AUTHORITY TO REVIEW**

Minnesota Statute Section 473.315 authorizes the, “Metropolitan Council, with the advice of the Metropolitan Parks and Open Space Commission, to make grants from any funds available to it for recreation open space purposes to any municipality, county or Park District located wholly or partially within the metropolitan area to cover the cost, or any portion of the cost, of acquiring or developing regional recreation open space in accordance with the *Regional Recreation Open Space Policy Plan*”.

## BACKGROUND

The Park Acquisition Opportunity Fund is comprised of two accounts:

The first account is called the Environment and Natural Resources Trust Fund Account, which is used to purchase land with high quality natural resource characteristics. No residential structures can be acquired with this account. The account has a current balance of \$4,085,530 comprised of \$2,451,318 of Environment and Natural Resources Trust Fund (ENRTF) revenue appropriated in the 2008 and 2009 Legislative Sessions and \$1,634,212 of bonds issued by the Metropolitan Council as a 40% match to the State appropriation.

The second account is called the Parks and Trails Fund Acquisition Grant Account, which is used to purchase land and any related structures –typically a parcel with a house or other buildings. This account is financed with Parks and Trails Fund appropriations from the Land and Legacy Amendment plus bonds issued by the Metropolitan Council. The account has a current balance of \$4,507,732 comprised of \$1,260,000 from the FY 2010 Parks and Trails Fund appropriation and \$3,247,732 of Metropolitan Council bonds.

The combined balance of both accounts is \$8,593,262. If a \$719,400 grant to Three Rivers Park District is awarded, there would be \$7,873,862 remaining for future land acquisitions.

Grants from the Park Acquisition Opportunity Fund are awarded under a set of rules that were approved by the Council on June 24, 2009. The rules allow a grant or grants totaling \$1.7 million per year (July 1 to June 30) to a park agency to finance up to 75% of the purchase price of the property plus related costs.

The Hedtke parcel acquisition includes two lots totaling 8.89 acres. There is a home straddling the lot line, and one lot has frontage on Schutz Lake as shown in **Figure 1**.

The appraisal on the entire parcel including the house concluded that the house's location straddling two buildable lots detracted from the overall value of the entire parcel. Consultation with Legislative Citizens Commission on Minnesota Resources staff concluded that using Environment and Natural Resources Trust Fund appropriations was permissible in this case since the Trust Fund appropriation along with matching Metro Council bonds would partially finance 75% of the costs to acquire lake shore and naturally covered land while the 25% match provided by the Park District would finance the costs to acquire the house and its removal.

Fig. 1: Hedtke parcel proposed for acquisition at Carver Park Reserve, Three Rivers Park District

**ANALYSIS**

The costs associated with the purchase of the Hedtke parcel are:

Purchase Price	\$ 922,500
Appraisal	\$ 5,000
Pro-rated share of 2009 property taxes due at closing	\$ 3,500
180% of city taxes on parcel (property tax equivalency payment) due at closing plus assessments	\$ 7,200
Site restoration	\$ 18,000
Closing costs	\$ 3,000
<b>Total:</b>	<b>\$ 959,200</b>

Three Rivers Park District requests that the acquisition be financed with the following revenue sources:

Metropolitan Council Park Acquisition Opportunity Fund (75%)	\$ 719,400
Three Rivers Park District funds (25%)	\$ 239,800
<b>Total:</b>	<b>\$ 959,200</b>

The Park Acquisition Opportunity Fund grant would be financed from the Environment and Natural Resources Trust Fund Account:

2008 State Environment and Natural Resources Trust Fund appropriation (60% of grant)	\$ 431,640
Metropolitan Council bonds (40% of grant)	\$ 287,760
<b>Total</b>	<b>\$ 719,400</b>

**Rules for distributing grants from Park Acquisition Opportunity Fund**

On June 24, 2009 the Metropolitan Council adopted rules that govern the distribution of grants from the Fund on a yearly basis--July 1 to June 30. Those rules are indicated below in italic font. The following findings indicate that these rules have been met for Three Rivers Park District's request to acquire the Hedtke parcel for Carver Park Reserve.

*A. Grants from the Park Acquisition Opportunity Fund may only be awarded to finance a portion of the cost to acquire land within Metropolitan Council-approved master plan boundaries, and only after the requesting regional park implementing agency has used available acquisition grant funds previously provided by the Metropolitan Council.*

Three Rivers Park District's request is consistent with this rule because the parcel is within the Metropolitan Council-approved master plan boundary for Carver Park Reserve. Plus, Three Rivers Park District does not have acquisition grant funds previously provided by the Metropolitan Council to finance this acquisition.

*B. Any interest cost on a contract for deed or other timed payment plan is not eligible for grant funding. The value of a discounted sale (i.e. the difference between the appraised value and a reduced sale price) is not counted as part of the cost to acquire land and is not included as part of a local match to the grant.*

There is one transaction proposed to purchase this parcel. The purchase price is the negotiated price between buyer and seller based on a certified appraisal for the land.

*C. Grants from the Park Acquisition Opportunity Fund may finance a portion of the actual cost to acquire land after deducting any Metropolitan Council grants and other grants used to finance a portion of the cost as follows:*

*The Park Acquisition Opportunity Fund Grant finances 75% of the net cost of acquiring the land which is defined as the purchase price—not the appraised value; legal fees, appraisal costs and other closing costs incurred by the park agency; the property tax equivalency payment due to the city or township; and stewardship costs.*

*A contribution of 25% of the net cost of acquiring the land up to \$567,000 that is financed by regional park implementing agency funds or other sources is not eligible for reimbursement consideration by the Metropolitan Council. Seventy-five percent (75%) of a contribution above \$567,000 that is financed with regional park implementing agency funds only is eligible for reimbursement consideration by the Metropolitan Council.*

Three Rivers Park District's request of \$719,400 is 75% of the cost to acquire this parcel as shown on page 4. Three Rivers Park District will provide \$239,800 as a 25% non-reimbursable match to the Council's grants. The grant request and match to the Council's grants are consistent with this rule.

*The maximum grant(s) available to a park agency is \$1.7 million during the July 1 to June 30 time period.*

This is the first grant to Three Rivers Park District for the July 1, 2009 to June 30, 2010 time period. Assuming \$719,400 is granted, Three Rivers Park District could request other grants totaling \$980,600 from the Fund for other acquisitions prior to June 30, 2010.

## **CONCLUSIONS**

1. Three Rivers Park District's request of \$719,400 from the Park Acquisition Opportunity Fund to purchase the 8.89 acre Hedtke parcel for Carver Park Reserve is consistent with the rules for receiving grants from the Fund.
2. The Environment and Natural Resources Trust Fund Account in the Park Acquisition Opportunity Fund should be used to finance this grant because high quality natural resource lands including frontage on Schutz Lake is being acquired with the grant. The residential structure associated with this acquisition will be financed with Park District funds—not the grant.

## **RECOMMENDATION**

That the Metropolitan Council authorize a grant of \$719,400 from the State Acquisition Grant Account in the Park Acquisition Opportunity Fund to Three Rivers Park District to partially finance the acquisition of the 8.89 acre Hedtke parcel as part of Carver Park Reserve. The grant should be financed with \$431,640 of 2008 State Environment and Natural Resources Trust Funds and \$287,760 of Metropolitan Council bonds.
