Proposed Action

That the Metropolitan Council authorize a grant of \$369,683 from the Environment and Natural Resources Trust Fund Account in the Park Acquisition Opportunity Fund to Scott County to partially finance the acquisition of 7.05 acres (Novotny parcel) as part of Cedar Lake Farm Regional Park. The grant should be financed with \$221,810 of the remaining 2008 State Environment and Natural Resources Trust Fund appropriation and a portion of the 2009 appropriation plus \$147,873 of Metropolitan Council bonds.

Background

Since 2001, the Metropolitan Council has established a Park Acquisition Opportunity Fund grant program to assist regional park agencies in acquiring land for the Metropolitan Regional Park System. Land that is acquired must be within Metropolitan Council approved master plan boundaries for that particular park or trail unit. To-date, \$15.5 million has been granted or pending approval to assist in the acquisition of 1,763 acres. The total related acquisition costs and market value of this land is \$52.8 million.

Funding

Scott County has negotiated the acquisition of a 7.05-acre parcel within the master plan boundary for Cedar Lake Farm Regional Park. The County requests a Park Acquisition Opportunity Fund grant of \$369,683 to finance 75% of the \$492,911 cost to acquire this parcel. If this grant is awarded there would be \$7,504,179 for future land acquisitions.

Known Support / Opposition

The Metropolitan Parks and Open Space Commission (MPOSC) considered Scott County's grant request on October 6. The MPOSC found the request was consistent with the rules for awarding Park Acquisition Opportunity Grants and unanimously approved the recommendation.

There is no known opposition to this request.

SUBJECT: (2009-xxx) Park Acquisition Opportunity Grant request for Cedar Lake Farm Regional Park, Scott County

INTRODUCTION

Since 2001, the Metropolitan Council has established a Park Acquisition Opportunity Fund grant program to assist regional park agencies in acquiring land for the Metropolitan Regional Park System. Land that is acquired must be within Metropolitan Council approved master plan boundaries for that particular park or trail unit. To-date, \$15.5 million has been granted or pending approval to assist in the acquisition of 1,763 acres. The total related acquisition costs and market value of this land is \$52.8 million. (See **Attachment 1** for a list of all grants awarded to-date).

Scott County has negotiated the acquisition of a 7.05-acre parcel within the master plan boundary for Cedar Lake Farm Regional Park. The County requests a Park Acquisition Opportunity Fund grant of \$369,683 to finance 75% of the \$492,911 cost to acquire this parcel (See **Attachment 2** for grant request letter).

This memorandum analyzes this request against the rules for Park Acquisition Opportunity Fund grants. It recommends approving the grant cited above. If this grant is awarded there would be \$7,504,179 for future land acquisitions.

AUTHORITY TO REVIEW

Minnesota Statute Section 473.315 authorizes the, “Metropolitan Council, with the advice of the Metropolitan Parks and Open Space Commission, to make grants from any funds available to it for recreation open space purposes to any municipality, county or Park District located wholly or partially within the metropolitan area to cover the cost, or any portion of the cost, of acquiring or developing regional recreation open space in accordance with the *Regional Recreation Open Space Policy Plan*”.

BACKGROUND

The Park Acquisition Opportunity Fund is comprised of two accounts:

The first account is called the Environment and Natural Resources Trust Fund Account, which is used to purchase land with high quality natural resource characteristics. No residential structures can be acquired with this account. The account has a balance of \$3,366,130 comprised of \$2,019,678 of Environment and Natural Resources Trust Fund (ENRTF) revenue appropriated in the 2008 and 2009 Legislative Sessions and \$1,346,452 of bonds issued by the Metropolitan Council as a 40% match to the State appropriation.

The second account is called the Parks and Trails Fund Acquisition Grant Account, which is used to purchase land and any related structures –typically a parcel with a house or other buildings. This account is financed with Parks and Trails Fund appropriations from the Land and Legacy Amendment plus bonds issued by the Metropolitan Council. The account has a current balance of \$4,507,732 comprised of \$1,260,000 from the FY 2010 Parks and Trails Fund appropriation and \$3,247,732 of Metropolitan Council bonds.

The combined balance of both accounts is \$7,873,862. If a \$369,683 grant to Scott County is awarded, there would be \$7,504,179 remaining for future land acquisitions.

Grants from the Park Acquisition Opportunity Fund are awarded under a set of rules that were approved by the Council on June 24, 2009. The rules allow a grant or grants totaling \$1.7 million per year (July 1 to June 30) to a park agency to finance up to 75% of the purchase price of the property plus related costs.

The Novotny parcel acquisition comprises 7.82 acres with frontage on Cedar Lake. However, 0.77 acre will be acquired by the County Highway Department to widen County Road 2. Consequently the net acreage for the park acquisition is 7.05 acres. The 0.77 acre parcel acquired for the highway includes a structure, so the remaining land to be acquired for the park is comprised of lakeshore and forest as shown in **Figures 1 and 2**.

The appraised value of the entire parcel is \$630,000. The sellers are donating \$100,000 of land value to the Regional Parks Foundation. The Foundation will transfer title of its share of the parcel to Scott County in the future.

Fig. 1: General Site Map showing location of Novotny parcel proposed for acquisition at Cedar Lake Farm Regional Park, Scott County

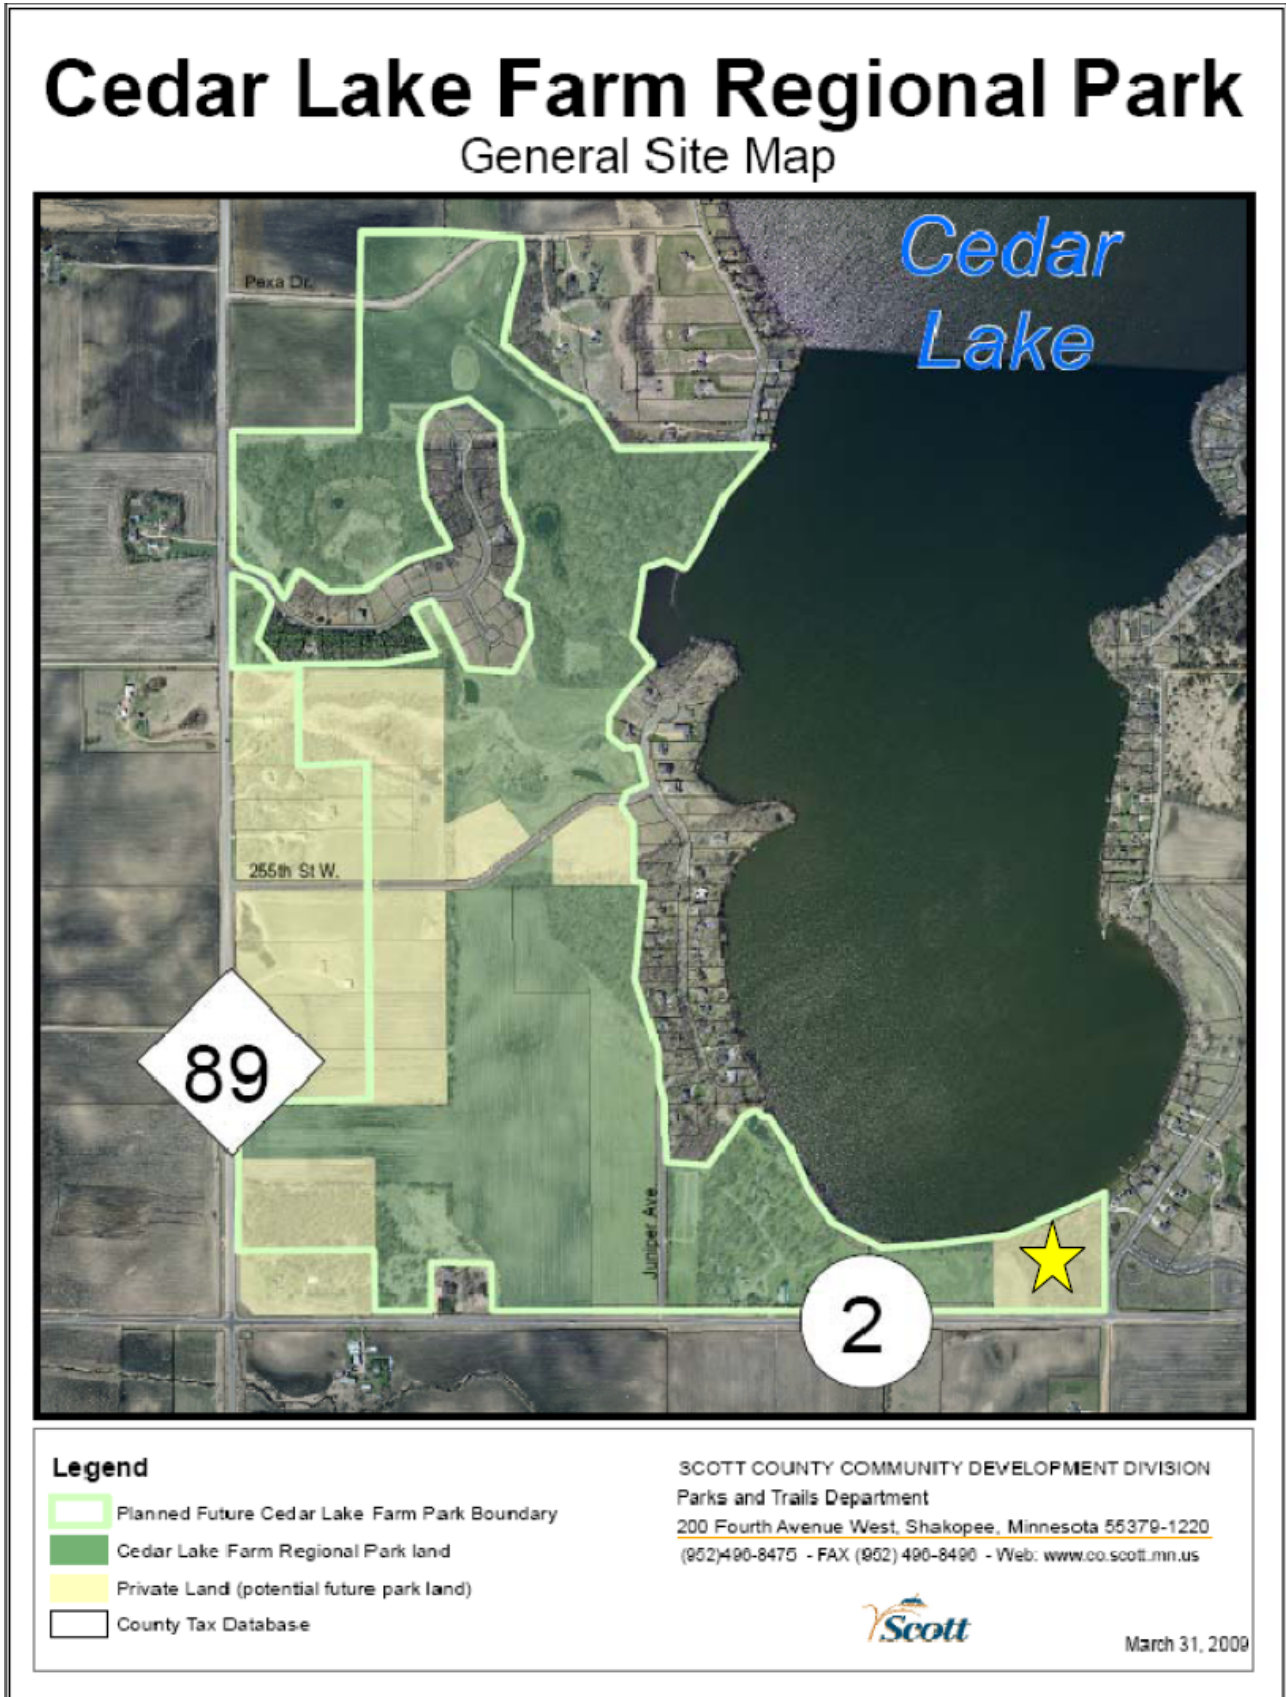

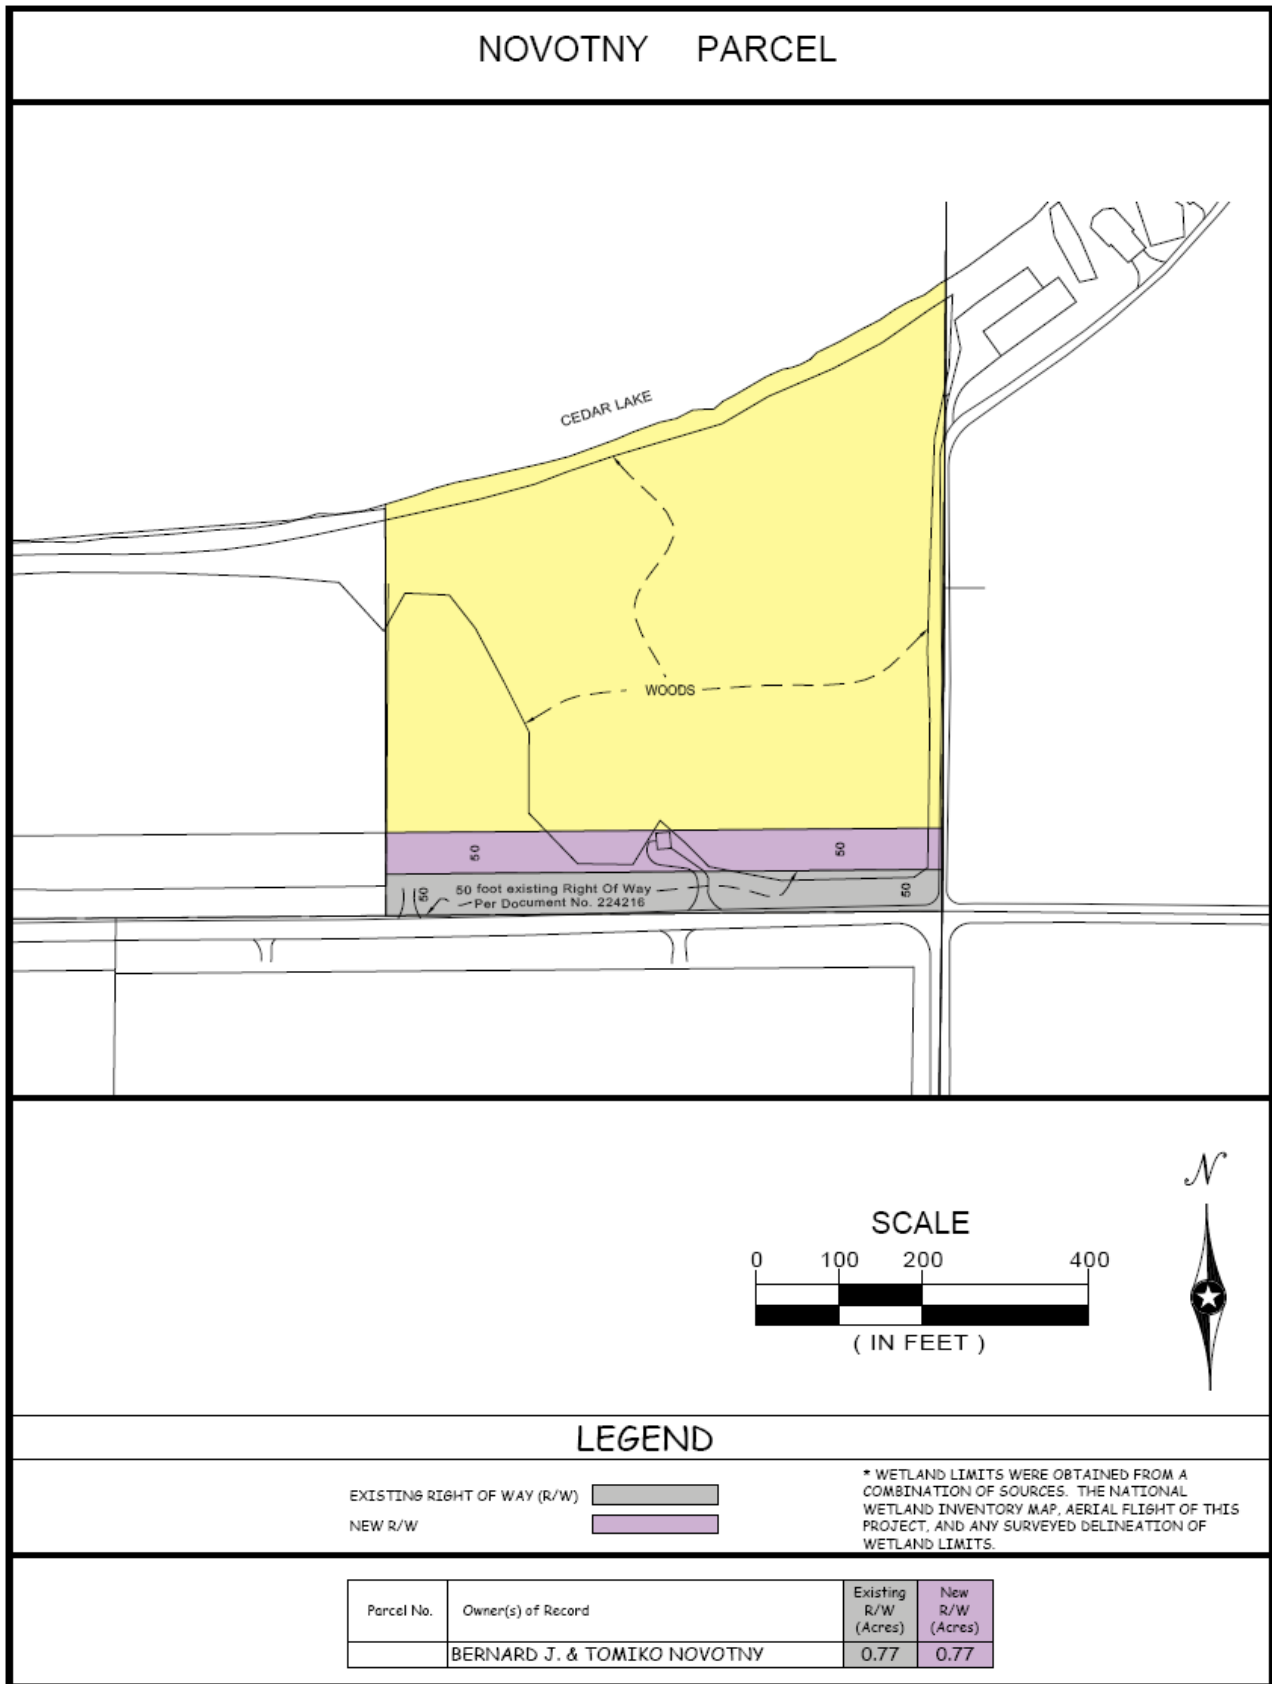

Fig. 2: Novotny parcel map showing proposed park land and highway right of way

ANALYSIS

The costs associated with the purchase of the Novotny parcel are:

| | |
|---|-------------------|
| Purchase Price after \$100,000 charitable contribution to Regional Parks Foundation | \$ 530,000 |
| Appraisal | \$ 1,350 |
| Closing costs estimate | \$ 5,000 |
| 2009 pro-rated property taxes due at closing | \$ 517 |
| Property tax equivalency payment (180% township taxes) due at closing | \$ 734 |
| Site restoration/stewardship costs | \$ 7,500 |
| Deduction for County Road 2 right of way | -\$ 52,190 |
| Total: | \$ 492,911 |

Scott County requests that the acquisition be financed with the following revenue sources:

| | |
|--|-------------------|
| Metropolitan Council Park Acquisition Opportunity Fund (75%) | \$ 369,683 |
| Scott County funds (25%) | \$ 123,228 |
| Total: | \$ 492,911 |

The Park Acquisition Opportunity Fund grant would be financed from the Environment and Natural Resources Trust Fund Account:

| | |
|--|-------------------|
| Balance of 2008 State Environment and Natural Resources Trust Fund appropriation and portion of 2009 State Environment and Natural Resources Trust Fund appropriation (60% of grant) | \$ 221,810 |
| Metropolitan Council bonds (40% of grant) | \$ 147,873 |
| Total | \$ 492,911 |

Rules for distributing grants from Park Acquisition Opportunity Fund

On June 24, 2009 the Metropolitan Council adopted rules that govern the distribution of grants from the Fund on a yearly basis--July 1 to June 30. Those rules are indicated below in italic font. The following findings indicate that these rules have been met for Scott County’s request to acquire the Novotny parcel for Cedar Lake Farm Regional Park.

A. Grants from the Park Acquisition Opportunity Fund may only be awarded to finance a portion of the cost to acquire land within Metropolitan Council-approved master plan boundaries, and only after the requesting regional park implementing agency has used available acquisition grant funds previously provided by the Metropolitan Council.

Scott County’s request is consistent with this rule because the parcel is within the Metropolitan Council-approved master plan boundary for Cedar Lake Farm Regional Park. Plus, Scott County does not have acquisition grant funds previously provided by the Metropolitan Council to finance this acquisition.

B. Any interest cost on a contract for deed or other timed payment plan is not eligible for grant funding. The value of a discounted sale (i.e. the difference between the appraised value and a reduced sale price) is not counted as part of the cost to acquire land and is not included as part of a local match to the grant.

There is one transaction proposed to purchase this parcel. The purchase price is the negotiated price between buyer and seller based on a certified appraisal for the land.

C. Grants from the Park Acquisition Opportunity Fund may finance a portion of the actual cost to acquire land after deducting any Metropolitan Council grants and other grants used to finance a portion of the cost as follows:

The Park Acquisition Opportunity Fund Grant finances 75% of the net cost of acquiring the land which is defined as the purchase price—not the appraised value; legal fees, appraisal costs and other closing costs incurred by the park agency; the property tax equivalency payment due to the city or township; and stewardship costs.

A contribution of 25% of the net cost of acquiring the land up to \$567,000 that is financed by regional park implementing agency funds or other sources is not eligible for reimbursement consideration by the Metropolitan Council. Seventy-five percent (75%) of a contribution above \$567,000 that is financed with regional park implementing agency funds only is eligible for reimbursement consideration by the Metropolitan Council.

Scott County's request of \$369,683 is 75% of the cost to acquire this parcel as shown on page 5. Scott County will provide \$123,228 as a 25% non-reimbursable match to the Council's grants. The grant request and match to the Council's grants are consistent with this rule.

The maximum grant(s) available to a park agency is \$1.7 million during the July 1 to June 30 time period.

This is the first grant to Scott County for the July 1, 2009 to June 30, 2010 time period. Assuming \$369,683 is granted, Scott County could request other grants totaling \$1,330,317 from the Fund for other acquisitions prior to June 30, 2010 assuming there was sufficient revenue in the Fund to finance such grants at the time of their request.

CONCLUSIONS

1. Scott County's request of \$369,683 from the Park Acquisition Opportunity Fund to purchase 7.05 acres (Novotny parcel) for Cedar Lake Farm Regional Park is consistent with the rules for receiving grants from the Fund.
2. The Environment and Natural Resources Trust Fund Account in the Park Acquisition Opportunity Fund should be used to finance this grant because high quality natural resource lands including frontage on Cedar Lake is being acquired with the grant.

RECOMMENDATION

That the Metropolitan Council authorize a grant of \$369,683 from the Environment and Natural Resources Trust Fund Account in the Park Acquisition Opportunity Fund to Scott County to partially finance the acquisition of 7.05 acres (Novotny parcel) as part of Cedar Lake Farm

Regional Park. The grant should be financed with \$221,810 of the remaining 2008 State Environment and Natural Resources Trust Fund appropriation and a portion of the 2009 appropriation plus \$147,873 of Metropolitan Council bonds.

Subject: Acquisition Opportunity Grant Request, Cedar Lake Farm Regional Park

Dear Mr. Stefferud,

On behalf of the Scott County Board of Commissioners, I am writing to request Metropolitan Council's consideration of funding assistance for acquisition of park land within Cedar Lake Farm Regional Park.

Scott County has negotiated the purchase of a 7.82 acre parcel in the southeast corner of Cedar Lake Farm Regional Park (see attachment). This parcel is within the Cedar Lake Farm Regional Park acquisition master plan boundary and contains approximately 700 feet of lakeshore, upland, and significant high quality Maple-basswood woodland.

The county's appraisal valued the property at \$630,000. Staff has negotiated a purchase price of \$530,000, \$100,000 below the appraised value, with the difference being recognized as a charitable contribution for income tax purposes. Scott County is excited to be entering into partnership with the newly formed Regional Parks Foundation of the Twin Cities to be the recipient of the charitable contribution.

Under agreement with Scott County, the Regional Parks Foundation would receive, by gift from the Novotny's, interest in a portion of land via tenant in common status that equals the value of the gift: \$100,000/\$630,000 or approximately 15.87% of ownership of the land. Approximately three years after the real estate closing, the Foundation's interest would be conveyed to Scott County. By working with the Regional Parks Foundation, we have an opportunity to promote the Foundation's purpose in helping to fund acquisitions and development of the remainder of the Metropolitan Regional Park System, while using the Foundation to serve as a charitable organization on behalf of Scott County.

The County's Highway Department has identified a need for additional right-of-way for future roadway re-expansion of County Road 2 (see attachment). This need would result in 0.77 acres of land associated with the purchase being used for right-of-way instead of park purposes. As a result, we are proposing to deduct the per acre cost equivalent (\$67,775/acre) from the purchase price for the grant request, and fund this portion from other sources.

Therefore, our total estimated acquisition and stewardship cost for park land is as follows:

| | |
|------------------------------------|-------------------|
| Purchase Price (7.82 acres) | \$530,000 |
| Appraisal | \$ 1,350 |
| Closing Costs (estimate) | \$ 5,000 |
| 2009 Pr-Rated Property Taxes | \$ 517 |
| Property Taxes Equivalency Payment | \$ 734 |
| Stewardship (estimate) | \$ 7,500 |
| CR 2 ROW (.77 acres) | <u>-\$ 52,190</u> |
| Balance for Park Land | \$492,911 |

The County is requesting funding assistance through the Acquisition Opportunity Grant Program under the "75% Met Council/25% Local Match" rules. Under these rules, we are requesting an Acquisition Opportunity Grant in the amount of \$369,683, and acknowledge that the local match portion is non-reimbursable through the Regional Park CIP.

I would like to thank the Metropolitan Parks and Open Space Commission and the Metropolitan Council for consideration of this request. As a result of their past support, Scott County has made significant investments to acquire and protect, forever, regional park land in Scott County. We are excited about the opportunity to add this important parcel to the system!

If you have any questions regarding this request or need additional information, please let me know. Thanks again for your continued assistance.

Sincerely,

Mark Themig
Parks Program Manager
