- Metro HRA

Challenges in 2010

- Deliver the same amount of productivity and quality of work while not filling vacancies
- Complete implementation of the transfer of the FAHP units from public housing to Section 8 rental income stream
- Retain high interest and participation in the Livable Communities Act funding accounts with the reality of fewer dollars available for grants
- Renegotiation of the LCA affordable housing goals with participating communities
- Implement the new regional growth forecast model
- Complete the review of the 2008 Comprehensive Plan Updates

Opportunities in 2010

- FAHP conversion to Section 8 funding stream will mean greater revenues to enable unit improvements and upkeep
- The Legacy Amendment means a significant infusion of dollars to the regional parks systems beginning in 2010
