### Summary of Committee Discussion / Questions:

Carl Ohrn, MTS Planning Analyst, presented this item to the committee. McFarlin pointed out that the distribution of the new federal funds to the Metro District seems to be a bit below the standard distribution of the federal funds in this state. Ohrn was not sure why this might be, but stated that it may be related to the original ARRA distribution and noted that there is not a large discrepancy.

Motion by Steffen, seconded by Hilker and passed unanimously.

Hearing no objection, Chair McFarlin stated that this item could move to the full Council as a Consent item.

082-619-021	CSAH 19, Washington County	pavement rehabilitation	\$1,011,150	\$1,771,450

**Background**

Minnesota is forecasted to receive an estimated extra \$95 million of additional federal funds in FFY 2011 because a new federal transportation act has not been passed. Of that \$95 million, MnDOT Metro District will receive \$38.5 million with \$12 million going to the locals. The TAB elected to distribute the available formula funds for the seven counties using the 2010 State Aid allocation. Each county has selected projects that can

be delivered in FFY 2011 that have no right-of-way impacts or require environmental review. The selected projects are primarily preservation and pedestrian system retrofits.

**Rationale**

In order to spend federal transportation funds, the projects must be in the current TIP.

**Funding**

The federal funds are new to the region and the local match is provided by the counties.

**Known Support / Opposition**

No opposition was presented at either the TAC or the TAB meetings.

Ms. Haigh,

On January 19, 2011, the Transportation Advisory Board voted to amend the 2011-2014 Transportation Improvement Program to include SP # 62-665-049: Concrete Pavement Rehabilitation, Pedestrian curb ramp upgrades and APS installation on White Bear Avenue (CSAH 65) from White Bear Court to CR F in Ramsey County.

Minnesota received extra federal funds because no new transportation act has been passed and no high priority projects (HPP) were added. The TAB elected to distribute its portion of these funds to all seven counties using the 2010 State Aid allocation. Each county has selected projects that can be delivered in Fiscal Year 2011 that have no right-of-way impacts or require environmental review. This project in Ramsey County satisfies these requirements.

The TAB forwards the TIP amendment action to the Metropolitan Council along with additional information described in TAB action transmittal 2011-09.

RE: Amendment to the Minnesota 2011-2014 Transportation Improvement Program (TIP)  
 State Project Number: 62-665-049 White Bear Ave – Concrete Pavement Rehab.  
 Federal Project Number:

Dear Mr. Keel:

Please amend the Minnesota 2011-2014 Transportation Improvement Program (TIP) to add the following new project in SFY 2011 of the TIP. The project is being submitted with the following information:

**PROJECT IDENTIFICATION:**

SEQ #	STATE FISCAL YEAR	A T P	D I S T	ROUTE SYSTEM	PROJECT NUMBER (S.P. #) (Fed # if available)	AGENCY	DESCRIPTION include location, description of all work, & city (if applicable)	MILES
	2011	M	M	CSAH 65	62-665-049	Ramsey Co.	White Bear Ave.(CSAH 65) from White Bear Court to Co. Rd. F – Concrete Pavement Rehabilitation, Pedestrian Curb Ramp Upgrades & APS Installation	1.8

PROG	TYPE OF WORK	PROP FUNDS	TOTAL \$	FHWA \$	AC \$	FTA \$	TH \$	OTHER \$
RC	Grade Surface	STP-UG	2,212,875	1,770,300	0	0	0	442,575 (County CSAH Funds)

**PROJECT BACKGROUND:**

1. Briefly describe why amendment is needed (e.g. project in previous TIP but not completed; illustrative project and funds now available; discretionary funds received; inadvertently not included in TIP).

Minnesota is forecasted to receive an estimated \$95 million of additional federal funds for federal fiscal year 2011 because no new authorization act has been signed. Of that \$95 million, Metro District will receive \$38.5 million. Of the \$38.5 million, \$12 million will go to the locals and \$26.5 will go to Mn/DOT trunk highway pavement projects. The \$12 million will be divided between the eight metro area counties. Distribution of these funds to each county is based on formula used to distribute the 2010 State Aid allocation. For Ramsey County, the amount received is \$1,770,300.

Ramsey County has identified a concrete rehabilitation project, project 62-665-049, to utilize the additional federal funds. The project includes:

- Joint repair,
- Diamond grinding,
- Upgrade all pedestrian ramps to ADA standards,
- Upgrade all traffic signals with Audible Pedestrian Signals, and
- Install durable pavement markings, including crosswalks.

This amendment is needed to add this project in SFY 2011 of the 2011-2014 TIP.

2. How is Fiscal Constraint Maintained as required by 23 CFR 450.216 (check all that apply)?

- New Money – Additional FFY 2011 Fed. Funds\*   X    
(Discretionary, Special Allocations or Other New Funding Sources)
- Anticipated Advance Construction
- ATP or MPO or Mn/DOT Adjustment  
of other projects
- Earmark or HPP federal funds outside ATP  
target
- Other

\*This project will be using additional federal funds that Minnesota is forecasted to receive for FFY 2011. These additional federal funds are in addition to regular federal target funds, therefore fiscal constraint is maintained.

**CONSISTENCY WITH MPO LONG RANGE PLAN:**

This amendment is consistent with the Metropolitan Council Transportation Policy Plan, adopted on January 14, 2009, with FHWA/FTA conformity determination established on September 16, 2009. The amendment is also consistent with the 2030 Policy Plan update adopted by the Metropolitan Council on November 10, 2010 and transmitted to MnDOT on November 22, 2010 for transmittal to USDOT for a conformity determination.

Ms. Haigh,

On January 19, 2011, the Transportation Advisory Board voted to amend the 2011-2014 Transportation Improvement Program to include the following five projects in Hennepin County:

- SP#027-610-031: bituminous mill and overlay in various locations;
- SP#027-752-025: deck reconditioning, pedestrian enhancements and provisions for LRT station access on Cedar Avenue bridge #27030 over Washington Avenue in Minneapolis;
- SP#027-617-028: concrete pavement repair on France Avenue from TH 62 to I-494;
- SP#027-030-024: pedestrian and ramp retrofits in various location in north Minneapolis; and
- SP#027-030-023: pedestrian and ramp retrofits along CSAH 23, CSAH 36 and CSAH 152.

Minnesota received extra federal funds because no new transportation act has been passed and no high priority projects (HPP) were added. The TAB elected to distribute its portion of these funds to all seven counties using the 2010 State Aid allocation. Each county has selected projects that can be delivered in Fiscal Year 2011 that have no right-of-way impacts or require environmental review. State Project Number: SP 027-617-028 Concrete Pavement Repair on France Avenue (CSAH  
17) from T.H. 62 to I-494.  
Federal Project Number:

Dear Mr. Keel:

Please amend the Minnesota 2011-2014 Transportation Improvement Program (TIP) to add the following new project in SFY 2011 of the TIP. The project is being submitted with the following information:

**PROJECT IDENTIFICATION:**

STATE FISCAL YEAR #	A T P	D I S T	ROUTE SYSTEM	PROJECT NUMBER (S.P. #) (Fed # if available)	AGENCY	DESCRIPTION include location, description of all work, & city (if applicable)	MILES
2011	M	M	CSAH 17	SP 027-617-028	Hennepin	On France Ave. (CSAH 17) from TH 62 to I-494 - Concrete Pavement Repair	1.8

RD	Grade and Surface	STP- UG	600,000	480,000	0	0	0	120,000 (County Funds)

**PROJECT BACKGROUND:**

1. Briefly describe why amendment is needed (e.g. project in previous TIP but not completed; illustrative project and funds now available; discretionary funds received; inadvertently not included in TIP).

Minnesota is forecasted to receive an estimated \$95 million of additional federal funds for federal fiscal year 2011 because no new authorization act has been signed. Of that \$95 million, Metro District will receive \$38.5 million. Of the \$38.5 million, \$12 million will go to the locals and \$26.5 will go to Mn/DOT trunk highway pavement projects. The \$12 million will be divided between the eight metro area counties. Distribution of these funds to each county is based on formula used to distribute the 2010 State Aid allocation. For Hennepin County, the federal amount received is \$3,639,300.

Hennepin County has identified a concrete pavement repair project, project (SP 027-617-028), to utilize \$480,000 of the \$3,639,300 additional federal funds. The project includes:

- Concrete pavement repair
- Joint sealing

This amendment is needed to add this project in SFY 2011 of the 2011-2014 TIP.

2. How is Fiscal Constraint Maintained as required by 23 CFR 450.216 (check all that apply)?

Ms. Haigh,

On January 19, 2011, the Transportation Advisory Board voted to amend the 2011-2014 Transportation Improvement Program to include SP#002-605-019: pavement reclamation, turn lanes, and ADA improvements on CSAH 5 (Nowthen Blvd) from TH 47 to CR 64 (181<sup>st</sup> Street) in Anoka County.

Minnesota received extra federal funds because no new transportation act has been passed and no high priority projects (HPP) were added. The TAB elected to distribute its portion of these funds to all seven counties using the 2010 State Aid allocation. Each county has selected projects that can be delivered in Fiscal Year 2011 that have no right-of-way impacts or require environmental review. This project in Anoka County satisfies these requirements.

The TAB forwards the TIP amendment action to the Metropolitan Council along with additional information described in TAB action transmittal 2011-11.

RE: Amendment to the Minnesota 2011-2014 Transportation Improvement Program (TIP)  
State Project Number: 002-605-019 – CSAH 5 (Nowthen Blvd.)- Pavement Reclamation

Federal Project Number:

Dear Mr. Keel:

Please amend the Minnesota 2011-2014 Transportation Improvement Program (TIP) to add the following new project in SFY 2011 of the TIP. The project is being submitted with the following information:

**PROJECT IDENTIFICATION:**

RD	Grade and Surface	STP-UG	2,500,000	1,687,350	0	0	0	812,650 (County Funds)

**PROJECT BACKGROUND:**

1. Briefly describe why amendment is needed (e.g. project in previous TIP but not completed; illustrative project and funds now available; discretionary funds received; inadvertently not included in TIP).

Minnesota is forecasted to receive an estimated \$95 million of additional federal funds for federal fiscal year 2011 because no new authorization act has been signed. Of that \$95 million, Metro District will receive \$38.5 million. Of the \$38.5 million, \$12 million will go to the locals and \$26.5 will go to Mn/DOT trunk highway pavement projects. The \$12 million will be divided between the eight metro area counties. Distribution of these funds to each county is based on formula used to distribute the 2010 State Aid allocation. For Anoka County, the federal amount received is \$1,687,350.

Anoka County has identified a pavement reclamation project, project 002-605-019, to utilize the additional federal funds. The project includes:

- Reclamation of existing pavement.
- Bituminous paving.
- Upgrades to the ADA standards for the pedestrian ramps.
- Improved signing and striping.

This amendment is needed to add this project in SFY 2011 of the 2011-2014 TIP.

RE: Updated Amendment to the Minnesota 2011-2014 Transportation Improvement Program (TIP)  
 State Project Number: 070-642-023, 42 Pavement Rehabilitation  
 Federal Project Number:

Dear Mr. Keel:

Please amend the Minnesota 2011-2014 Transportation Improvement Program (TIP) to add the following new project in SFY 2011 of the TIP. The project is being submitted with the following information:

**PROJECT IDENTIFICATION:**

SEQ #	STATE FISCAL YEAR	A T P	D I S T	ROUTE SYSTEM	PROJECT NUMBER (S.P.#) (Fed # if available)	AGENCY	DESCRIPTION include location, description of all work, & city (if applicable)	MILES
	2011	M	M	CSAH 42	070-642-023	Scott County	CSAH 42 from Louisiana to CSAH 27 in Savage and from 518' east of CH 21 to Boone Avenue in Prior Lake – Pavement Rehabilitation, ADA Compliance for pedestrian curb returns	2.72 Miles

PROG	TYPE OF WORK	PROP FUNDS	TOTAL \$	FHWA \$	AC \$	FTA \$	TH \$	OTHER \$
RD	Grade and Surface	STP-UG	\$2,630,000	\$883,050	0	0	0	\$1,746,950 (County Funds)

**PROJECT BACKGROUND:**

1. Briefly describe why amendment is needed (e.g. project in previous TIP but not completed; illustrative project and funds now available; discretionary funds received; inadvertently not included in TIP).

Minnesota is forecasted to receive an estimated \$95 million of additional federal funds for federal fiscal year 2011 because no new authorization act has been signed. Of that \$95 million, Metro District will receive \$38.5 million. Of the \$38.5 million, \$12 million will go to the locals and \$26.5 will go to Mn/DOT trunk highway pavement projects. The \$12 million will be divided between the eight metro counties. Distribution of these funds to each county is based on formula used to distribute the 2010 State Aid allocation. For Scott County, the federal amount received is \$883,050.

Scott County has identified a pavement rehabilitation project, project 070-642-023, to utilize the additional federal funds. The project includes:

- Pavement rehabilitation – Roadway and Trail
- Upgrade all pedestrian ramps to ADA standards
- Install durable pavement markings, including crosswalks
- Minor drainage improvements – adding one catch basin

This amendment is needed to add this project in SFY 2011 and 2011-2014.

2. How is Fiscal Constraint Maintained as required by 23 CFR 450.16 (check all that apply)?

- New Money – Additional FFY 2011 Fed. Funds\*   X
- Anticipated Advance Construction
- ATP or MPO or Mn/DOT Adjustment of other projects
- Earmark or HPP federal funds outside ATP target
- Other

\*This project will be using additional federal funds that Minnesota is forecasted to receive for FFY 2011. These additional federal funds are in addition to regular federal target funds, therefore fiscal constraint is maintained.

**CONSISTENCY WITH MPO LONG RANGE PLAN:**

This amendment is consistent with the Metropolitan Council Transportation Policy Plan, adopted on January 14, 2009, with MHW/FTA conformity determination established on September 16, 2009. The amendment is also consistent with the 2030 Policy Plan update adopted by the Metropolitan Council on November 10, 2010 and transmitted to Mn/DOT on November 22, 2010 for transmittal to USDOT for a conformity determination.

**AIR QUALITY CONFORMITY:**

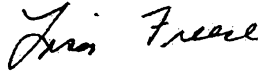

- Subject to conformity determination
- Exempt from regional level analysis\*   X
- Exempt from project level analysis\*   X
- Exempt by virtue of interagency consultation\*
- N/A (not in a nonattainment or maintenance area)

\*Exempt Project Category #S-10 Pavement resurfacing and/or rehabilitation Per Section 93.126 of the Conformity Rules

Ms. Haigh,

On January 19, 2011, the Transportation Advisory Board voted to amend the 2011-2014 Transportation Improvement Program to include SP#010-610-043: mill and overlay and shoulder paving on CSAH 10 from TH 7 to Newton Ave. in Watertown and CSAH 92 from north of CR 155 to Carver/Hennepin County line.

Minnesota received extra federal funds because no new transportation act has been passed and no high priority projects (HPP) were added. The TAB elected to distribute its portion of these funds to all seven counties using the 2010 State Aid allocation. Each county has selected projects that can be delivered in Fiscal Year 2011 that have no right-of-way impacts or require environmental review. This project in Carver County satisfies these requirements.

The TAB forwards the TIP amendment action to the Metropolitan Council along with additional information described in TAB action transmittal 2011-13.

RE: Amendment to the Minnesota 2011-2014 Transportation Improvement Program (TIP)  
 State Project Number: 010-610-043 - CSAH 10 Shoulder Paving  
 Federal Project Number:

Dear Mr. Keel:

Please amend the Minnesota 2011-2014 Transportation Improvement Program (TIP) to add the following new project in SFY 2011 of the TIP. The project is being submitted with the following information:

**PROJECT IDENTIFICATION:**

**PROJECT BACKGROUND:**

1. Briefly describe why amendment is needed (e.g. project in previous TIP but not completed; illustrative project and funds now available; discretionary funds received; inadvertently not included in TIP).

Minnesota is forecasted to receive an estimated \$95 million of additional federal funds for federal fiscal year 2011 because no new authorization act has been signed. Of that \$95 million, Metro District will receive \$38.5 million. Of the \$38.5 million, \$12 million will go to the locals and \$26.5 million will go to Mn/DOT trunk highway pavement projects. The \$12 million will be divided between the eight metro area counties. Distribution of these funds to each county is based on formula used to distribute the 2010 State Aid allocation. For Washington County, the amount received is \$1,011,150.

Washington County has identified a pavement rehabilitation project on CSAH 19 (Keats Ave.), from TH 61 to ¼-mile south of CSAH 18 (Bailey Rd), to utilize the additional federal funds. There will be two exception areas within the termini that will not be included in the rehabilitation. These areas are from 1,105 feet south of 90<sup>th</sup> Street South to 1,233 feet north of 90<sup>th</sup> Street South, and from Indian Boulevard South to 1,075 feet north of CSAH 20. The project includes:

- Pavement reclamation and overlay
- Construction of turn lanes at 85<sup>th</sup> Street South
- Upgrade of all pedestrian ramps to ADA standards
- Install durable pavement markings

This amendment is needed to add this project in SFY 2011 of the 2011 – 2014 TIP.

2. How is Fiscal Constraint Maintained as required by 23 CFR 450.216 (check all that apply)?

- New Money – Additional FFY 2011 Fed. Funds\*   X    
(Discretionary, Special Allocations or Other New Funding Sources)
- Anticipated Advance Construction
- ATP or MPO or Mn/DOT Adjustment  
of other projects
- Earmark or HPP federal funds outside ATP  
target
- Other

\*This project will be using additional federal funds that Minnesota is forecasted to receive for FFY 2011. These additional federal funds are in addition to regular federal target funds, therefore fiscal constraint is maintained.
