Management Committee For the Metropolitan Council meeting of July 11, 2012

Item: 2012-208

ADVISORY INFORMATION

Date Prepared: July 5, 2012

Subject: Revisions to Non-Represented Plan

Proposed Action:

That the Metropolitan Council approve revisions to the Non-Represented Plan effective July 7, 2012.

Summary of Committee Discussion / Questions:

Clarification that changes to the Non-Represented Plan salary administration were consistent with TMSA contract changes and fell within parameters set by the Management Committee for implementing compensation adjustments.

Management Committee

Item: 2012-208

Meeting date: June 27, 20112

Metropolitan Council Meeting: July 11, 2012

ADVISORY INFORMATION

Date: June 21, 2012

Subject: Revisions to Non-Represented Plan

District(s), Member(s): All

Policy/Legal Reference: Minn. Statute 473.129, Subd. 2 (Powers of Metropolitan Council)

Staff Prepared/Presented: Marcy Syman, Acting HR Director 651-602-1417

Division/Department: Human Resources

Proposed Action

That the Metropolitan Council approve revisions to the Non-Represented Plan effective July 7, 2012.

Background

The Non-Represented Plan covers approximately 325 employees who are not covered by the provisions of a collective bargaining agreement.

The plan includes staff in clerical/administrative/technical, senior staff/managerial and executive classifications in Environmental Services, Regional Administration and Metro Transit.

Rationale

The Non-Represented Plan, Section 10: Salary Administration is attached and shows all changes. These changes allow for implementation of a new compensation system that is a combination of steps and pay for performance. The new system meets objectives for a consistent structure that is competitive with labor market trends as a whole. It also provides for predictable movement through the range and an overall focus on employee performance.

Known Support / Opposition

None

SECTION 10: SALARY ADMINISTRATION

10.1 SALARY RANGES

Each job classification shall be assigned a salary range based on the position's job evaluation points or market considerations in accordance with the salary administration plan. Salary ranges for all classified and unclassified job classifications are listed in Appendix B.

10.2 SALARY RATES AND LIMITS

Base salaries paid to individual employees shall be within the salary range for the job classification. An employee's base salary may not exceed the maximum of the salary range, except in an extreme case which must be approved by the Regional Administrator.

Employees whose salaries are below the minimum of the salary range listed for their position in Appendix B shall receive salary adjustments up to the salary range minimum effective their date of appointment or the first day of the pay period immediately following January 1st each year, whichever is later.

Effective July 7, 2012, all job classifications shall be assigned to a new pay grade (Appendix B) and all employees will be placed on the salary grid set forth in Appendix C. An employee will be placed at Range Minimum if the employee's salary as of July 6, 2012, is at or below the minimum step of the range on the salary grid.

An employee whose salary, as of July 6, 2012, is between the Range Minimum and is below Step 9 of the range shall be placed on a step within the range. If the employee's salary at the time of conversion is not on a step he/she will be moved to the next highest step within the range. An employee whose salary, as of July 6, 2012, is at or above Step 9 of the range shall be considered within the Performance Range and will remain his or her rate of pay on July 6, 2012.

Effective on the first day of the pay period which begins immediately following January 1, 2013, (January 5, 2013) all amounts on the salary grid (Appendix C) will be increased by 2% and employees whose salary is on step will receive a 2% general increase. Employees whose salary is in the Performance Range will receive a two percent (2%) general increase. Effective January 5, 2013, the Range Minimum will be inactivated.

10.2.1 STEP MOVEMENT

Employees who were placed on a salary step from Step 1 through Step 8 will be eligible to move up one step in their range effective on the first day of the pay period which begins immediately following January 1, (January 5, 2013). To move up one step the employee must have received a rating of "Meets Expectations" or better on his/her 2012 performance appraisal provided the employee has successfully completed his/her probation prior to January 5, 2013.

10.3 PERFORMANCE-BASED SALARY INCREASES FOR EMPLOYEES BETWEEN STEP 9 AND RANGE MAXIMUM

Notwithstanding any other provision of this plan, any and all salary increases shall be subject to the review and approval of the Regional Administrator. Any and all salary increases may be adjusted at the discretion of the Regional Administrator. Employees may advance through the salary range in accordance with the Council's system of pay for performance. Performance reviews shall be conducted on an annual basis with performance evaluations due by November 30 each year. All performance increases shall be based on the employee's performance review. If an employee reaches the salary range maximum, his/her salary shall be limited to the salary range maximum. Any remaining salary increase amount may be paid as a lump sum if it does not place the individual over the Minnesota public employer salary limit. Newly hired employees entering the non represented plan during the year are eligible for performance increases on a prorated basis.

Annual performance based salary increases will be effective the first day of the pay period immediately following January

Employees between Step 9 and the Range Maximum will be eligible for a performance increase of no less than 0.5% and no greater than 4%, effective on the first day of the pay period which begins immediately following January 1, (January 5, 2013). To receive a performance increase the employee must have received a rating of "Meets Expectations" or better on his/her 2012 performance appraisal. The performance increase shall be applied to the employee's base salary provided that if the increase places the employee under the range maximum; any amount over the range maximum will be paid in a lump sum payment.

The amount of funds available for performance increases for those employees in the Performance Range will be equal to two and one half percent (2.5%) of the annual salaries of Non Represented employees in the performance range. The Metropolitan Council is committed to issuing performance increases in the total amount of the funds available.

Salary increases will be subject to the Minnesota public employer salary limits.

10.4 NEW HIRESSTEP MOVEMENT FOR EMPLOYEES PROMOTED OR HIRED AFTER 7/6/2012

Employees who begin employment within the last six months of the year and whose probationary period extends beyond January 1st of the following year shall be subject to the following:

Newly hired employees in their probationary period will not receive a performance increase until they have completed their probationary period with a performance rating of good or better. The performance increase shall be prorated from the start of hire to the end of their probation and shall be effective on the pay period immediately following the date of completion of the new hire probationary period. Upon completion of the probationary period, Section 10.3 applies. For all other new employees, Section 10.3 will apply.

Employees promoted or hired after the conversion to the compensation system on July 7, 2012, shall be eligible for a one step increase effective on the first day of the pay period which begins immediately following January 1st, provided successful completion of the probationary period. To move up one step the employee must have received a rating of meets expectations or better on his/her performance appraisal for the prior year (or on the probationary review, if less than one year in the new position). If probation is not completed by 1-5-13 the employee will not be eligible for a step until 2014. However, employees promoted or hired between 7-7-12 and 1-4-13 who were brought in at range minimum will move up one step after successful completion of probation on the pay period closest to completion of probation.

10.5 PROMOTIONS

Employees promoted to jobs in the Non-Represented Plan shall be on probation for six months and will receive pay increases as follows:

- The employee shall receive a minimum promotional increase equal to 10% of the new salary range of the new
 position. This increase shall be effective as of the first day of the payroll period during which the promotion
 occurs.
- Upon successful completion of the probationary period in the new position, the employee's new manager shall conduct a performance appraisal.
- Promoted employees will receive performance ratings annually, near the end of the calendar year. Performance increases shall be effective the first day of the payroll period immediately following January 1st.

All employees promoted or reclassified to a job classification in a higher salary pay grade shall be placed on a new step in the new range (unless that employee will be in the Performance Range after promotion) that will result in an increase of no less than seven percent (7%) and no more than ten percent (10%) (or Range Minimum, whichever is greater) of their current salary prior to promotion.

10.6 TRANSFERS

Employees accepting new positions within the same salary range will be on probation for six months and will receive pay increases as follows:

The employee shall not receive any pay increase at the time of transfer.

Transferred employees will be eligible for a performance rate increase at the end of a calendar year. This increase shall be effective at the beginning of the pay period immediately following January 1st.

APPENDIX B: NON REPRESENTED JOB CLASSIFICATIONS & SALARY GRADES

| Job Classification | Salary Grade |
