Proposed Action

That the Metropolitan Council:

Amend the 2012 Capital Budget (annual appropriation) by decreasing the multi-year authorization by \$8,721,000 for Parks and Open Space.

Background

The proposed capital program and budget amendment includes the following changes to the adopted Parks and Open Space capital program:

Reducing Funding Commitments:

Twelve grants (12) are completed that totaled \$8,721,000 which reduces the multi-year authorization by that amount. These grants are depicted on Attachment 1 under the heading "Grants that were completed and closed out."

Five (5) Land Acquisition Opportunity Fund grants were approved since the last capital budget amendment that totaled \$2,008,802. This reduced the amount available for future grants as depicted in Attachment 1 under the heading "Reducing Funding Commitments for Land Acquisition Opportunity Fund Grants". The previously approved grants are shown in Attachment 1 under the heading "Subtotal Combined Parks and Trails Legacy Fund Acquisition and Environmental Trust Fund Acquisition Account".

Change in Current Year Expenditures:

There is no change to current year expenditures for the remainder of 2012 under this amendment.

The Multi-Year Authorization is decreased by \$8,721,000 based on the net results of deducting reduced funding commitments from increased funding commitments.

Rationale

This amendment to the 2012 Authorized Capital Program closes out twelve (12) completed projects financed with past Parks and Trails Legacy Fund appropriations, State bonds and matching Metro Council bonds appropriated for specific projects. It also acknowledges the five land acquisition grants previously approved by the Metropolitan Council.

Funding

The five land acquisition grants are financed with portions of the Parks and Trails Legacy Fund appropriations, portions of Environmental Trust Fund appropriations and matching Metropolitan Council bonds as described in Attachment 1.

Known Support / Opposition

The grants shown in the amendment are consistent with legislative and Metropolitan Council policies/requirements.
