Proposed Action/Motion

That the Metropolitan Council concurs with the Transportation Advisory Board (TAB) action to amend the 2007-2010 Transportation Improvement Program (TIP) to include SP #70-621-23: CSAH 21 reconstruction from Franklin Trail to Adelman St. in Prior Lane at a higher total construction cost.

Issue(s)

Under revised federal procedures, if the total cost of a project increases over a certain amount, the TIP has to be amended. The federal funds remain the same in this case. The amendment maintains the TIP's fiscal constraint, is exempt from regional level air conformity analysis and is consistent with the Metropolitan Council Transportation Policy Plan adopted on December 14, 2005, with FHWA/FTA conformity determination established on February 1, 2005.
