### Issue(s)

- None

### Overview and Funding

The Council approves funding for capital spending and must give contract authority separate from funding approval. This action provides the legal authority to execute contracts for previously approved capital projects in the 2007-2012 CIP.

- The August Amendment to the 2007-2012 CIP, Item 2007-206, reallocated \$130,000 to an existing garage expansion project by Southwest Transit. The project had some unforeseen cost overruns that this additional money will cover. Additional funding for this project comes from a canceled project previously allocated to Southwest Transit.
- The August Amendment to the 2007-2012 CIP, Item 2007-206, reallocated \$65,981 to the Northstar Commuter Coach bus lease project. The reallocated funds represent the equal portion of Federal funds earned for the service operated by the Northstar Corridor Development Authority and are needed to maintain bus service in the corridor.
