### **Proposed Action**

That the Metropolitan Council authorize the Regional Administrator to negotiate and acquire fee title to that portion of the property, together with temporary easements, at 18040 Cedar Avenue in Lakeville, and should negotiations fail, by eminent domain, in accordance with the attached resolution.

### **Background**

The Urban Partnership Agreement (UPA) provides funding for property acquisition and construction of additional park and ride space within the Cedar Avenue Bus Rapid Transit (BRT) corridor. Dakota County commissioned a concept study that identified sites for a facility in the vicinity of 179<sup>th</sup> and Cedar Avenue in Lakeville.

The concept study proposes the acquisition of approximately eight acres of property, as outlined in the attached resolution, to support a 400-space park and ride, together with an access road, bus turn around and layover space, a passenger shelter and driver restrooms. Initial construction would provide approximately 200 of the 400 spaces.

Staff have met with representatives for the property and are prepared to begin detailed discussions. The value of the property is supported by an appraisal completed earlier this year in the amount of about \$500,000.

### **Rationale**

Property is required for the construction of the park and ride within the time limits established in the UPA. The property owner has expressed a willingness to sell the property to the Council and staff will attempt to reach a negotiated settlement with the owner. However, as stated in the attached resolution, eminent domain may be used in the unlikely event that the property cannot be acquired by direct negotiation.

### **Funding**

Funding for this acquisition is available from designated UPA funds.

### **Known Support / Opposition**

The County and City support a park and ride at the proposed location.
