Proposed Action

That the Metropolitan Council concur with the Transportation Advisory Board (TAB) action to amend the 2011-2014 Transportation Improvement Program (TIP) to include SP#0282-341, I-35E unbonded concrete overlay, drainage corrections, and cable median barrier south of CSAH 96 to the north junction with I-35W.

Background

In order to use Federal Transportation Funds, the project must be accurately described in the current TIP.

Rationale

These federal funds are available due to a higher distribution of federal formula funds caused by a lack of earmarks in 2011. This project is scheduled for a March contract award.

Funding

MnDOT has selected this preservation project to use \$19.8 million of the \$37 million of federal funds available, and \$2.2 million of trunk highway bonds.

Known Support / Opposition

No opposition was presented at the TAC or TAB meetings.
