## Proposed Action

That the Metropolitan Council authorize a grant of \$492,750 from the Land Acquisition Opportunity Account in the Park Acquisition Opportunity Fund to Three Rivers Park District to partially finance the acquisition of the 9.5-acre Westerlund parcel for Lake Rebecca Park Reserve.

## Background

Three Rivers Park District has negotiated the acquisition of the 9.5 -acre Westerlund parcel, which includes a home and 800 feet of shoreline on the Crow River in Lake Rebecca Park Reserve. The total cost of the acquisition and related expenditures is \$657,000. The Park District requests \$492,750 to finance 75% of the cost to acquire the parcel from the Park Acquisition Opportunity Fund (hereafter called “Fund) under rules adopted by the Metropolitan Council on June 25, 2008 for the period from July 1, 2008 to June 30, 2009.

## Rationale

The Park Acquisition Opportunity Fund is used to partially finance the acquisition of land within Metropolitan Council-approved master plan boundaries of regional parks and trails. 1,729 acres has been acquired since 2001 with grants totaling \$12,714,539. Rules currently in effect for grants from the Fund provide up to \$1.7 million to a park agency to finance up to 75% of the costs to acquire a parcel. The remaining 25% of costs is not eligible for reimbursement consideration from the Council’s regional parks capital improvement program. The request is consistent with these rules.

## Funding

The Westerlund parcel includes a house as well as land. Costs associated with acquiring the Westerlund parcel are shown in the following table.

Purchase Price	\$	625,000
Appraisal fee	\$	2,000
Share of 2008 property taxes	\$	1,000
Property Tax Equivalency Payment required by law (180% of local property taxes)	\$	2,000
Closing costs	\$	2,000

### Site Restoration

Structure removal	\$ 18,000
Site work removal/import	\$ 7,000
<b>TOTAL:</b>	<b>\$ 657,000</b>

The Park District proposes to finance the acquisition with the following revenue sources:

Metropolitan Council Acquisition Opportunity Fund (75%)	\$ 492,750
<u>Park District funds (25%)</u>	<u>\$ 164,250</u>
<b>Total</b>	<b>\$ 657,000</b>

This acquisition grant includes a residential structure. Therefore only the Land Acquisition Opportunity Account comprised of Metro Council bonds can be used to finance the grant. The Land Acquisition Opportunity Account would have a new balance of \$100,682 if \$492,750 was granted. There would be \$2,600,682 remaining in accounts which make up the Fund for future acquisition opportunities.

If there is insufficient money in the Fund to provide a grant, then park agencies would be allowed to request reimbursement consideration from the regional parks CIP for 100% of grant eligible costs to acquire the land (purchase price, appraisal, closing costs, property tax equivalency payment and pro-rated share of property taxes, plus stewardship costs including restoration of the site for park purposes, but not Phase 1 and 2 Environmental Assessments). This responds to a question raised by the Metropolitan Parks and Open Space Commission when they reviewed this grant request on October 7.

### **Known Support / Opposition**

The Metropolitan Parks and Open Space Commission unanimously recommended approving the grant at its meeting on October 7. There is no known opposition to the grant request.

**SUBJECT:** (2008-268) Acquisition Opportunity Grant request to purchase Westerlund parcel for Lake Rebecca Park Reserve, Three Rivers Park District

## **INTRODUCTION**

Three Rivers Park District has negotiated the acquisition of the 9.5 -acre Westerlund parcel, which includes a home and 800 feet of shoreline on the Crow River in Lake Rebecca Park Reserve. The total cost of the acquisition and related expenditures is \$657,000. The Park District requests \$492,750 to finance 75% of the cost to acquire the parcel from the Park Acquisition Opportunity Fund (hereafter called "Fund) under rules adopted by the Metropolitan Council on June 25, 2008 for the period from July 1, 2008 to June 30, 2009. (See **Attachment 1**, letter from Boe Carlson).

This memorandum analyzes this request against the rules for granting Park Acquisition Opportunity funds. It recommends approving a grant of \$492,750 to help acquire the land.

An additional \$1.5 million of Environment and Natural Resources Trust Fund revenue was added to the Fund shortly after July 1 based on the recently approved Laws of MN 2008 Chapter 367, Section 2, Subd. 3(i) appropriation as recommended by the Legislative Citizens Commission on Minnesota Resources. If \$304,725 is granted for the Bauduin parcel (2008-267) and \$492,750 is granted for this parcel, there would be \$2,600,682 remaining in the Fund for future land acquisitions. This grant complies with the Park Acquisition Opportunity Grant Rules limit of \$1.7 million per agency for the period from July 1, 2008 to June 30, 2009. Three Rivers Park District could request other grants totaling \$902,525 from the Fund for other acquisitions if sufficient revenue was in the Fund during this period.

## **AUTHORITY TO REVIEW**

Minnesota Statute Section 473.315 authorizes the, "Metropolitan Council, with the advice of the Metropolitan Parks and Open Space Commission, to make grants from any funds available to it for recreation open space purposes to any municipality, county or Park District located wholly or partially within the metropolitan area to cover the cost, or any portion of the cost, of acquiring or developing regional recreation open space in accordance with the *Regional Recreation Open Space Policy Plan*".

## **BACKGROUND**

The 9.5-acre Westerlund parcel is one of 12 inholding parcels remaining to be acquired in Lake Rebecca Park Reserve. **Figure 1** shows the locations of those inholdings and the Weinkauff parcel, which was acquired in part with a \$354,799 Park Acquisition Opportunity grant in 2007. The Park District has also submitted a grant request for the Bauduin parcel, which is dealt with under agenda item 2008-267.

**LAKE REBECCA INHOLDINGS**

Note: Parcel 5 has been acquired by the Park District.

## ANALYSIS

The Westerlund parcel includes a house as well as land. Costs associated with acquiring the Westerlund parcel are shown in the following table.

Purchase Price	\$ 625,000
Appraisal fee	\$ 2,000
Share of 2008 property taxes	\$ 1,000
Property Tax Equivalency Payment required by law (180% of local property taxes)	\$ 2,000
Closing costs	\$ 2,000
<b>Site Restoration</b>	
Structure removal	\$ 18,000
Site work removal/import	\$ 7,000
<b>TOTAL:</b>	<b>\$ 657,000</b>

The Park District proposes to finance the acquisition with the following revenue sources:

Metropolitan Council Acquisition Opportunity Fund (75%)	\$ 492,750
<u>Park District funds (25%)</u>	<u>\$ 164,250</u>
<b>Total</b>	<b>\$ 657,000</b>

### **Background on Park Acquisition Opportunity Fund**

The Park Acquisition Opportunity Fund is comprised of two accounts. One account is used to buy raw land with high natural resource values and is funded with Environment and Natural Resources Trust Fund revenue (ENRTF) and Metropolitan Council bonds. This account known as the State Acquisition Grant Account currently includes \$1.5 million of ENRTF revenue that was appropriated in the 2008 Legislative Session and is matched with \$1 million of Metropolitan Council bonds for a total of \$2.5 million.

The second account is called the Land Acquisition Opportunity Grant Account and is comprised of Metropolitan Council bonds. If \$304,725 is granted for the Bauduin parcel, this account has a balance of \$593,432. This account is used to buy land that includes houses and other structures. The combined balance for both accounts in the Fund is \$3,093,432 if \$304,725 is granted for the Bauduin parcel.

The Metropolitan Council has granted \$12,714,539 from the Fund to partially finance the acquisition of 1,729 acres. as shown in **Attachment 2**.

Based on the grants approved to-date and assuming \$304,725 is granted for the Bauduin parcel the updated balance of the Fund is \$3,093,432 as shown in Table 1 below.

**Table 1: Updated Balance to Park Acquisition Opportunity Fund as of September 25, 2008 assuming \$304,725 is granted for Bauduin parcel**

\$2,400,000	Original amount in Park acquisition Opportunity Fund
\$3,357,000	Additional Council bonds added to Fund in June 2003
\$340,334	Additional Council bonds added that were not needed to match State funds for natural resource restoration grants. Added in December 2003
\$15,362	Additional funds added from closed grants as part of amendment to 2005 Unified Capital Budget on May 11, 2005
\$3,000,000	Additional Council bonds authorized to be added to Fund in July 2006
\$2,500,000	ENRTF appropriation added in July 2007
\$3,000,000	Additional Council bonds authorized to be added to Fund on December 12, 2007
\$1,500,000	ENRTF appropriation added in July 2008
<b>\$16,112,696</b>	<b>Total funds provided over time</b>
-\$13,019,264	Granted as of September 25, 2008 (For details see Attachment 2) and \$304,725 proposed for Bauduin parcel
<b>\$3,093,432</b>	<b>Balance of Acquisition Opportunity Fund</b>

**Rules for distributing grants from Park Acquisition Opportunity Fund**

On June 25, 2008 the Metropolitan Council adopted rules that govern the distribution of grants from the Fund. Those rules are indicated below in italic font. The following findings indicate that these rules have been met for Three River Park District’s request to acquire the Westerlund parcel for Lake Rebecca Park Reserve.

*A. Grants from the Park Acquisition Opportunity Fund may only be awarded to finance a portion of the cost to acquire land within Metropolitan Council-approved master plan boundaries, and only after the requesting regional park implementing agency has used available acquisition grant funds previously provided by the Metropolitan Council.*

The Park District’s request is consistent with this rule because the land in question is within the Metropolitan Council-approved master plan boundary for Lake Rebecca Park Reserve. Plus, the Park District does not have acquisition grant funds previously provided by the Metropolitan Council to finance this acquisition.

*B. Any interest cost on a contract for deed or other timed payment plan is not eligible for grant funding. The value of a discounted sale (i.e. the difference between the appraised value and a reduced sale price) is not counted as part of the cost to acquire land and is not included as part of a local match to the grant.*

There is one transaction proposed to purchase the land. The purchase price is the negotiated price between buyer and seller based on a certified appraisal for the land.

*C. Grants from the Park Acquisition Opportunity Fund may finance a portion of the actual cost to acquire land after deducting any Metropolitan Council grants and other grants used to finance a portion of the cost as follows:*

*The Park Acquisition Opportunity Fund Grant finances 75% of the net cost of acquiring the land which is defined as the purchase price—not the appraised value; legal fees, appraisal costs and*

*other closing costs incurred by the park agency; the property tax equivalency payment due to the city or township; and stewardship costs.*

*A contribution of 25% of the net cost of acquiring the land up to \$567,000 that is financed by regional park implementing agency funds or other sources is not eligible for reimbursement consideration by the Metropolitan Council. Seventy-five percent (75%) of a contribution above \$567,000 that is financed with regional park implementing agency funds only is eligible for reimbursement consideration by the Metropolitan Council.*

The Park District's request is \$492,750, which is 75% of the \$657,000 cost to acquire the Westerlund parcel. The Park District is providing \$164,250 as a 25% non-reimbursable match to the Council's grant. The grant request and match to the Council's grant is consistent with this rule.

*The maximum grant(s) available to a park agency is \$1.7 million during this time period.*

Assuming \$304,725 is granted for the Bauduin parcel, the Park District could request other grants totaling \$902,525 from the Fund for other acquisitions if sufficient revenue was in the Fund during the July 2008 to June 2009 period to comply with this rule.

**Status of remaining Park Acquisition Opportunity Funds**

If \$492,750 was granted, there would be \$2,600,682 remaining for future acquisition opportunities as shown in Table 2.

**Table 2: Updated Balance to Park Acquisition Opportunity Fund if grants are awarded for Bauduin and Westerlund parcels at Lake Rebecca Park Reserve**

\$3,398,157	Balance of Acquisition Opportunity Fund as of September 25, 2008 (For details see Table 2 above)
-\$304,725	Proposed grant for Bauduin parcel at Lake Rebecca Park Reserve
-\$492,750	Proposed grant for Westerlund parcel at Lake Rebecca Park Reserve
<b>\$2,600,682</b>	<b>Updated Balance if grant awarded for Bauduin and Westerlund parcels</b>

This acquisition grant includes a residential structure. The value of the house and its related costs of acquisition comprise 29.4% of the total costs. Therefore only the Land Acquisition Opportunity Account comprised of Metro Council bonds can be used. The Land Acquisition Opportunity Account would have a new balance of \$100,682 as shown in Table 3.

**Table 3: Updated Balance to Land Acquisition Opportunity Account in Fund if grants are awarded for Bauduin and Westerlund parcels at Lake Rebecca Park Reserve**

\$ 898,157	Balance in Account prior to awarding grant
-\$304,725	Proposed grant for Bauduin parcel at Lake Rebecca Park Reserve
-\$492,750	Proposed grant for Westerlund parcel at Lake Rebecca Park Reserve
<b>\$100,682</b>	<b>Balance in Account if grants are awarded</b>

Please note that the Metropolitan Council is expected to issue \$7 million of park bonds in 2009 based on past decisions of the Council. Of that amount \$3.5 million will be added to the Park Acquisition Opportunity Fund and the remaining \$3.5 million will be used to match a portion of the \$10.5 million 2008 State bond appropriation for the 2008-09 Regional Parks CIP projects.

It is possible that land/house acquisition grant requests may come in when there is insufficient money in the Land Acquisition Opportunity Account to finance the grant due to the timing of the acquisition occurring before the Metropolitan Council replenishes that account with bonds in 2009. In that case, park agencies could ask the Metropolitan Council to consider reimbursing up to 75% of the costs of the acquisition in that agency's allocation of a future regional park capital improvement program. This would allow that acquisition to be treated the same way as if there were sufficient funds in the Account to award a grant now. **(Note: Update to this memorandum)**, If there is insufficient money in the Fund to provide a grant, then park agencies would be allowed to request reimbursement consideration from the regional parks CIP for 100% of grant eligible costs to acquire the land (purchase price, appraisal, closing costs, property tax equivalency payment and pro-rated share of property taxes, plus stewardship costs including restoration of the site for park purposes, but not Phase 1 and 2 Environmental Assessments). This responds to a question raised by the Metropolitan Parks and Open Space Commission when they reviewed this grant request on October 7.

## **CONCLUSION**

1. Three Rivers Park District's request of \$492,750 in Park Acquisition Opportunity Funds to acquire the 9.5-acre Westerlund parcel which includes 800 feet of frontage on the Crow River for Lake Rebecca Park Reserve is consistent with the rules for receiving a grant from the Park Acquisition Opportunity Fund.

## **RECOMMENDATION**

That the Metropolitan Council authorize a grant of \$492,750 from the Land Acquisition Opportunity Account in the Park Acquisition Opportunity Fund to Three Rivers Park District to partially finance the acquisition of the 9.5-acre Westerlund parcel for Lake Rebecca Park Reserve.
