Proposed Action

That the Metropolitan Council authorize a grant of \$407,400 from the State Acquisition Grant Account in the Park Acquisition Opportunity Fund to Three Rivers Park District to partially finance the acquisition of the 9.42 acre Ganzer parcel as part of Rush Creek Regional Trail. The grant should be financed with \$244,440 of State Environment and Natural Resources Trust Funds and \$162,960 of Metropolitan Council bonds.

Background

Since 2001, the Metropolitan Council has established a Park Acquisition Opportunity Fund grant program to assist regional park agencies in acquiring land for the Metropolitan Regional Park System. Land that is acquired must be within Metropolitan Council approved master plan boundaries for that particular park or trail unit. To-date, \$13.67 million has been granted to assist in the acquisition of 1,742 acres. The total related acquisition costs and market value of this land is \$50.4 million.

Funding

Three Rivers Park District has negotiated the acquisition of a 9.42 acre parcel within the master plan boundary for Rush Creek Regional Trail. The Park District requests a Park Acquisition Opportunity Fund grant of \$407,400 to finance 75% of the \$543,200 cost to acquire this parcel. If this grant and the grants to Ramsey County are awarded in agenda item 2009-171, there would be \$6,043,262 remaining for future land acquisitions.

Known Support / Opposition

The Metropolitan Parks and Open Space Commission (MPOSC) considered the County’s grant request on May 18. The MPOSC found the request was consistent with the rules for awarding Park Acquisition Opportunity Grants and unanimously approved the recommendation.

There is no known opposition to this request.

SUBJECT: (2009-172) Acquisition Opportunity Grant request to purchase one parcel for Rush Creek Regional Trail, Three Rivers Park District

INTRODUCTION

Since 2001, the Metropolitan Council has established a Park Acquisition Opportunity Fund grant program to assist regional park agencies in acquiring land for the Metropolitan Regional Park System. Land that is acquired must be within Metropolitan Council approved master plan boundaries for that particular park or trail unit. To-date, \$13.67 million has been granted to assist in the acquisition of 1,742 acres. The total related acquisition costs and market value of this land is \$50.4 million. (See **Attachment 1** for a list of all grants awarded to-date).

Three Rivers Park District has negotiated the acquisition of a 9.42 acre parcel within the master plan boundary for Rush Creek Regional Trail. The Park District requests a Park Acquisition Opportunity Fund grant of \$407,400 to finance 75% of the \$543,200 cost to acquire this parcel.

This memorandum analyzes this request against the rules for Park Acquisition Opportunity Fund grants. It recommends approving the grants cited above. If this grant and the grants to Ramsey County are awarded in agenda item 2009-171, there would be \$6,043,262 remaining for future land acquisitions.

AUTHORITY TO REVIEW

Minnesota Statute Section 473.315 authorizes the, “Metropolitan Council, with the advice of the Metropolitan Parks and Open Space Commission, to make grants from any funds available to it for recreation open space purposes to any municipality, county or Park District located wholly or partially within the metropolitan area to cover the cost, or any portion of the cost, of acquiring or developing regional recreation open space in accordance with the *Regional Recreation Open Space Policy Plan*”.

BACKGROUND

The Park Acquisition Opportunity Fund is comprised of two accounts:

The first account is called the State Acquisition Grant Account, which is used to purchase land with high quality natural resource characteristics. No residential structures can be acquired with this account. The account has a current balance of \$2,342,930 comprised of \$1,405,758 of Environment and Natural Resources Trust Fund (ENRTF) revenue appropriated in the 2008 Legislative Session and \$937,172 of bonds issued by the Metropolitan Council as a 40% match to the State appropriation.

The second account is called the Metropolitan Council Acquisition Grant Account, which is used to purchase land and any related structures –typically a parcel with a house or other buildings. This account is financed with bonds issued by the Metropolitan Council. On May 13, the Council will consider adding \$4.7 million of bonds to this account as recommended by the Community Development Committee and the Management Committee. If this additional revenue is added to this account its balance would be \$4,800,682. The analysis for this grant request is based on the assumption that this revenue is added to the account and that \$692,950 is granted to Ramsey County under agenda item 2009-171. Therefore the balance in this account is \$4,107,732.

The combined balance of both accounts under this assumption is \$6,450,662. If a \$407,400 grant to Three Rivers Park District is awarded, there would be \$6,043,262 remaining for future land acquisitions.

Grants from the Park Acquisition Opportunity Fund are awarded under a set of rules. The rules currently in effect for the period which ends June 30, 2009 allow a grant or grants totaling \$1.7 million to a park agency to finance up to 75% of the purchase price of the property plus related costs.

The Ganzer parcel acquisition is based on subdividing an 11.55 acre parcel in which 9.42 acres will be acquired by the Park District for the trail, and the remaining 2.13 acres including the Ganzer home will be retained by the Ganzer's. This provides the right of way needed for the regional trail and allows the existing home site to remain as shown in **Figure 1**.

Acquiring the 9.42 acre parcel including frontage on Rush Creek makes this parcel eligible for funding from the State Acquisition Grant Account because high quality natural resource land is being acquired.

ANALYSIS

The costs associated with the purchase of the Ganzer parcel are:

Purchase Price	\$ 520,000
Appraisal	\$ 7,000
Subdivision and closing	\$ 3,000
Pro-rated share of property taxes due at closing	\$ 6,000
180% of city taxes on parcel (property tax equivalency payment) due at closing	\$ 7,200
Total:	\$ 543,200

As noted in the Park District's letter, subdividing the 11.55 acre parcel to allow 9.42 acres to be acquired for the trail led to higher than normal appraisal and closing costs. Three Rivers Park District requests that the acquisition be financed with the following revenue sources:

Metropolitan Council Park Acquisition Opportunity Fund (75%)	\$ 407,400
Three Rivers Park District funds (25%)	\$ 135,800
Total:	\$ 543,200

The Park Acquisition Opportunity Fund grant would be financed from the State Acquisition Grant Account:

State Environment and Natural Resources Trust Fund (60% of grant)	\$ 244,440
Metropolitan Council bonds (40% of grant)	\$ 162,960
Total	\$ 407,400

Rules for distributing grants from Park Acquisition Opportunity Fund

On June 25, 2008 the Metropolitan Council adopted rules that govern the distribution of grants from the Fund for the period July 1, 2008 to June 30, 2009. Those rules are indicated below in italic font. The following findings indicate that these rules have been met for Three Rivers Park District's request to acquire the Ganzer parcel for Rush Creek Regional Trail..

A. Grants from the Park Acquisition Opportunity Fund may only be awarded to finance a portion of the cost to acquire land within Metropolitan Council-approved master plan boundaries, and only after the requesting regional park implementing agency has used available acquisition grant funds previously provided by the Metropolitan Council.

Three Rivers Park District's request is consistent with this rule because the parcel is within the Metropolitan Council-approved master plan boundary for Rush Creek Regional Trail. Plus, Three Rivers Park District does not have acquisition grant funds previously provided by the Metropolitan Council to finance this acquisition.

B. Any interest cost on a contract for deed or other timed payment plan is not eligible for grant funding. The value of a discounted sale (i.e. the difference between the appraised value and a reduced sale price) is not counted as part of the cost to acquire land and is not included as part of a local match to the grant.

There is one transaction proposed to purchase this parcel. The purchase price is the negotiated price between buyer and seller based on a certified appraisal for the land.

C. Grants from the Park Acquisition Opportunity Fund may finance a portion of the actual cost to acquire land after deducting any Metropolitan Council grants and other grants used to finance a portion of the cost as follows:

The Park Acquisition Opportunity Fund Grant finances 75% of the net cost of acquiring the land which is defined as the purchase price—not the appraised value; legal fees, appraisal costs and other closing costs incurred by the park agency; the property tax equivalency payment due to the city or township; and stewardship costs.

A contribution of 25% of the net cost of acquiring the land up to \$567,000 that is financed by regional park implementing agency funds or other sources is not eligible for reimbursement consideration by the Metropolitan Council. Seventy-five percent (75%) of a contribution above \$567,000 that is financed with regional park implementing agency funds only is eligible for reimbursement consideration by the Metropolitan Council.

Three Rivers Park District's request of \$407,400 is 75% of the cost to acquire this parcel as shown on page 4. Three Rivers Park District will provide \$135,800 as a 25% non-reimbursable match to the Council's grants. The grant requests and match to the Council's grants are consistent with this rule.

The maximum grant(s) available to a park agency is \$1.7 million during this time period.

Three Rivers Park District received \$797,475 for two other acquisition grants since July 1, 2008. Assuming \$407,400 is granted, Three Rivers Park District could request other grants totaling \$495,125 from the Fund for other acquisitions prior to June 20, 3009.

CONCLUSIONS

1. Three Rivers Park District's request of \$407,400 from the Park Acquisition Opportunity Fund to purchase the 9.44 acre Ganzer parcel for Rush Creek Regional Trail is consistent with the rules for receiving grants from the Fund.
2. The State Acquisition Grant Account in the Park Acquisition Opportunity Fund should be used to finance this grant because high quality natural resource lands including frontage on Rush Creek is being acquired with the grant. No residential structures are being acquired.

RECOMMENDATION

That the Metropolitan Council authorize a grant of \$407,400 from the State Acquisition Grant Account in the Park Acquisition Opportunity Fund to Three Rivers Park District to partially finance the acquisition of the 9.42 acre Ganzer parcel as part of Rush Creek Regional Trail. The grant should be financed with \$244,440 of State Environment and Natural Resources Trust Funds and \$162,960 of Metropolitan Council bonds.

Land Acquisition Opportunity Grant

Marilynn Corcoran,
Vice Chair
District 2

Dear Mr. Stefferud,

At the March 19, 2009 Three Rivers Park District Board of Commissioners approved the purchase of the Ganzer Property for the Rush Creek Regional Trail.

Mark Haggerty
District 3

The Park District was able to negotiate the subdivision of the parcel in order to acquire 9.42 acres of wooded, creek frontage for the Regional Trail. Mr. Ganzer will retain 2.13 acres as the home site. Because of this unique property split some associated costs are higher than a traditional acquisition costs for the parcel.

Dale Woodbeck
District 4

\$520,000	Purchase price
\$ 7,000	Appraisal fee
\$ 3,000	Subdivision and closing cost
\$ 6,000	Share of 2008 property taxes
<u>\$ 7,200</u>	<u>180% of local property tax</u>
\$543,200	TOTAL

Rosemary Franzese
District 5

The Park District is requesting reimbursement of 75% of these costs, or \$407,400. The Park District will provide the remaining funds needed for this acquisition.

Larry Blackstad, Chair
