**Proposed Action**

That the Metropolitan Council authorize a grant of up to \$255,750 from the Environment and Natural Resources Trust Fund Acquisition Account in the Park Acquisition Opportunity Fund to Three Rivers Park District to finance 75% of the acquisition costs to acquire 5.87 acres from the City of Brooklyn Park as depicted in Figure 1 for Rush Creek Regional Trail. The grant should be financed with:

- \$153,450 from the 2009 Environment and Natural Resources Trust Fund appropriation
- \$102,300 from Metropolitan Council bonds

**Background**

Three Rivers Park District has submitted a request for a Park Acquisition Opportunity Fund Grant to help finance the acquisition and related costs for 5.87 acres for Rush Creek Regional Trail. Total cost of the acquisition is \$341,000. Under the rules of the Park Acquisition Opportunity Fund grant program 75% of that cost or \$255,750 is requested.

**Rationale**

In 2001, the Metropolitan Council established a Park Acquisition Opportunity Fund grant program to assist regional park agencies in acquiring land for the Metropolitan Regional Park System. Land that is acquired must be within Metropolitan Council approved master plan boundaries for that particular park or trail unit.

**Funding**

This parcel qualifies for funding from the Environment and Natural Resources Trust Fund Acquisition Account because the parcels have high quality natural resource features and no structures are on them. If \$255,750 is awarded,

there would be \$2,564,880 for future land acquisitions that qualify from the Environment and Natural Resources Trust Fund account.

### **Known Support / Opposition**

The Metropolitan Parks and Open Space Commission considered this grant request at its meeting on May 1, 2012. The Commission's discussion about the grant is summarized as follows:

- The City of Brooklyn Park obtained the land as part of park dedication when adjacent development occurred instead of receiving cash from the developer. The City will transfer title of the land to the Park District for the amount the City gave up in park dedication cash when it acquired the property. This is a very efficient way of acquiring small parcels of land for the trail at the lowest possible cost since it eliminates the costs of appraisals and closing costs for individual parcels.
- These parcels were proposed for acquisition because they provide a screening buffer between the trail treadway and nearby residential properties.

The Commission approved the recommendation with one member abstaining.

**SUBJECT:** (2012-xxx) Park Acquisition Opportunity Fund Grant Request for  
Rush Creek Regional Trail, Three Rivers Park District  
Metropolitan Parks & Open Space Commission District A: Seyon Nyanwleh

**INTRODUCTION**

In 2001, the Metropolitan Council established a Park Acquisition Opportunity Fund grant program to assist regional park agencies in acquiring land for the Metropolitan Regional Park System. Land that is acquired must be within Metropolitan Council approved master plan boundaries for that particular park or trail unit. To-date, about \$24.63 million has been granted or pending for the acquisition of 1,933 acres. The total related acquisition costs and market value of this land is about \$65 million. (See Attachment 2 at the end of this memorandum for a list of all grants awarded).

Three Rivers Park District has submitted a request for a Park Acquisition Opportunity Fund Grant to help finance the acquisition and related costs for 5.87 acres for Rush Creek Regional Trail. Total cost of the acquisition is \$341,000. Under the rules of the Park Acquisition Opportunity Fund grant program 75% of that cost or \$255,750 is requested. (See Attachment 1: Letter from Boe Carlson, Three Rivers Park District)

This memorandum analyzes the request against the rules for Park Acquisition Opportunity Fund grants. The memorandum recommends approving the grant. If \$255,750 is awarded, there would be \$2,564,880 for future land acquisitions that qualify from the Environment and Natural Resources Trust Fund account. Those acquisitions are for lands that contain high quality natural resource features and do not include the acquisition of a structure. Lands that have structures on them or have low natural resource qualities are financed from the Parks and Trails Legacy Fund account. That account has a balance of \$1,764,553.

**AUTHORITY TO REVIEW**

Minnesota Statute Section 473.315 authorizes the "Metropolitan Council with the advice of the Metropolitan Parks and Open Space Commission to make grants from any funds available to it for recreation open space purposes to any municipality, park district or county located wholly or partially within the metropolitan area to cover the cost, or any portion of the cost, of acquiring or developing regional recreation open space in accordance with the [*Regional Recreation Open Space*] Policy Plan".

## **BACKGROUND**

The Park Acquisition Opportunity Fund is comprised of two accounts:

The first account is called the Environment and Natural Resources Trust Fund Acquisition Account, which is used to purchase land with high quality natural resource characteristics. No residential structures can be acquired with this account. This account has a balance of \$2,820,630 at this time assuming two grants are approved on April 25. The account is comprised of \$1,586,727 of Environment and Natural Resources Trust Fund revenue appropriated in the 2009 and 2011 Legislative Sessions and \$1,233,904 of bonds issued by the Metropolitan Council as a 40% match to the State appropriation.

The second account is called the Parks and Trails Legacy Fund Acquisition Account, which is used to purchase land that has low natural resource characteristics and any related structures –typically a parcel with a house or other buildings. This account is financed with Parks and Trails Legacy Fund appropriations from the Land and Legacy Amendment plus bonds issued by the Metropolitan Council. This account has a balance of \$1,764,553. The account is comprised of \$659,966 of FY 2012 Parks and Trails Legacy Funds and \$1,104,587 of Metropolitan Council bonds.

The combined balance of both accounts is \$4,585,183 at this time. Grants from the Park Acquisition Opportunity Fund are awarded under a set of rules that were approved by the Council on June 24, 2009 and amended on December 14, 2011. The rules allow a grant or grants totaling \$1.7 million per year (July 1 to June 30) from each account to a park agency to finance up to 75% of the purchase price of the property plus related costs.

This is a \$255,750 grant request to finance 75% of the acquisition costs for 5.87 acres within the master plan boundary for Rush Creek Regional Trail. The land was acquired by the City of Brooklyn Park for the trail under an agreement with the Park District. The city obtained the land as part of park dedication when adjacent development occurred instead of receiving cash from the developer. The City will transfer title of the land to the Park District for the amount the City gave up in park dedication cash when it acquired the property. This is a very efficient way of acquiring small parcels of land for the trail at the lowest possible cost since it eliminates the costs of appraisals and closing costs for individual parcels.

The 5.87 acres proposed for acquisition are depicted in Figure 1 -- a map of the parcels in relation to the trail.

## ANALYSIS

### Acquisition cost analysis

The total costs to acquire the 5.87 acres is \$341,000 which is the amount of money the City of Brooklyn Park gave up in park dedication fees when it obtained these parcels from developers when land adjacent to the trail was developed for residential uses.

Three Rivers Park District requests that the acquisition be financed with the following revenue sources as shown in Table 1:

**Table 1: Revenue Sources for acquisition of 5.87 acres for Rush Creek Regional Trail, Three Rivers Park District**

Metropolitan Council Park Acquisition Opportunity Fund (75%)	\$ 255,750
Three Rivers Park District (25%)	\$ 85,250
<b>Total:</b>	<b>\$ 341,000</b>

These parcels qualify for funding from the Environment and Natural Resources Trust Fund Acquisition Account because they do not include a residential structure. The Park Acquisition Opportunity Fund grant would be financed as shown in Table 3.

**Table 2: Park Acquisition Opportunity Grant Revenue Sources for acquisition of 5.87 acres for Rush Creek Regional Trail, Three Rivers Park District**

<b>Revenue Sources</b>	<b>Amount</b>
2009 Environment and Natural Resources Trust Fund appropriation	\$ 153,450
Metropolitan Council bonds	\$ 102,300
<b>Total Grant</b>	<b>\$ 255,750</b>

### Rules for distributing grants from Park Acquisition Opportunity Fund

On June 24, 2009 the Metropolitan Council adopted rules that govern the distribution of grants from the Fund on a state fiscal year basis--July 1 to June 30. The rules were amended on December 14, 2011. Those rules are indicated below in italic font. The following findings indicate that these rules have been met for Three River Park District's grant request.

*A. Grants from the Park Acquisition Opportunity Fund may only be awarded to finance a portion of the cost to acquire land within Metropolitan Council-approved master plan boundaries, and only after the requesting regional park implementing agency has used available acquisition grant funds previously provided by the Metropolitan Council.*

Three Rivers Park District's request is consistent with this rule because the parcels are within the Metropolitan Council-approved master plan boundary for Rush Creek Regional Trail. Plus, the park agency does not have acquisition grant funds previously provided by the Metropolitan Council to finance this acquisition.

*B. Any interest cost on a contract for deed or other timed payment plan is not eligible for grant funding. The value of a discounted sale (i.e. the difference between the appraised*

*value and a reduced sale price) is not counted as part of the cost to acquire land and is not included as part of a local match to the grant.*

The grant proposed here would be the only transaction for the parcel. The purchase price for the fee title acquisition is the amount of money the City of Brooklyn Park gave up in park dedication fees when it obtained these parcels from developers when land adjacent to the trail was developed for residential uses.

*C. Grants from the Park Acquisition Opportunity Fund may finance a portion of the actual cost to acquire land after deducting any Metropolitan Council grants and other grants used to finance a portion of the cost as follows:*

*The Park Acquisition Opportunity Fund Grant finances 75% of the net cost of acquiring the land which is defined as the purchase price—not the appraised value; legal fees, appraisal costs and other closing costs incurred by the park agency; the property tax equivalency payment due to the city or township; and stewardship costs.*

*A contribution of 25% of the net cost of acquiring the land up to \$567,000 that is financed by regional park implementing agency funds or other sources is not eligible for reimbursement consideration by the Metropolitan Council. Seventy-five percent (75%) of a contribution above \$567,000 that is financed with regional park implementing agency funds only is eligible for reimbursement consideration by the Metropolitan Council.*

Three River's Park District's request is 75% of the costs to acquire fee title to this parcel. Three Rivers Park District will provide a 25% non-reimbursable match to the Council's grant. The grant request and match to the Council's grant is consistent with this rule.

*The maximum grant(s) available to a park agency is \$1.7 million from the Environment and Natural Resources Trust Fund Acquisition Account and \$1.7 million from the Parks and Trails Legacy Fund Acquisition Account during the July 1 to June 30 time period.*

The grant is within the \$1.7 million limit from the Environment and Natural Resources Trust Fund Acquisition Account during this time period. If it is awarded, the Metropolitan Council could award Three Rivers Park District other acquisition grants totaling \$797,750 from the Environment and Natural Resources Trust Fund Acquisition Account prior to June 30, 2012 under this rule. The Park District could also request up to \$1.7 million from the Parks and Trails Legacy Fund Acquisition Account for parcels that meet that account's requirements.

## **CONCLUSION:**

The Environment and Natural Resources Trust Fund Acquisition Account in the Park Acquisition Opportunity Fund should be used to finance this grant because it is consistent with the utilization of this account.

**RECOMMENDATION:**

That the Metropolitan Council authorize a grant of up to \$255,750 from the Environment and Natural Resources Trust Fund Acquisition Account in the Park Acquisition Opportunity Fund to Three Rivers Park District to finance 75% of the acquisition costs to acquire 5.87 acres from the City of Brooklyn Park as depicted in Figure 1 for Rush Creek Regional Trail. The grant should be financed with:

\$153,450 from the 2009 Environment and Natural Resources Trust Fund appropriation  
\$102,300 from Metropolitan Council bonds

RE: Rush Creek Regional Trail  
Land Acquisition Opportunity Grant

Dear Mr. Stefferud,

At the March 15, 2012 Board Meeting, the Three Rivers Park District Board of Commissioners approved the purchase of 5.87 acres of land from the City of Brooklyn Park along the Rush Creek Trail Corridor.

The Park District has been in discussions with the City of Brooklyn Park throughout the last few years in order to secure additional lands along the trail corridor as development is occurring. Through local park dedication, the city has been able to collect a variety out lots in areas where the trail located close to property lines. This provides an additional buffer area between the trail corridor and private residences.

The agreement the Park District has had with the city is that we would purchase all the parcels based on the value of the land when it was collected as park dedication. The Park District is purchasing 5.87 acres at a cost of \$341,000. A map is attached which depicts the locations of the parcels.

The Park District is requesting 75% or \$255,750, of this amount through the Acquisition Opportunity Fund. Because of the nature of the purchase there are no additional costs beyond the purchase price itself.

Thank you for your consideration of this item. Please let me know if you have any questions.

Sincerely,  
  
Boe Carlson
