

Land Use Advisory Committee Report

Community Development
Committee Meeting

August 6, 2012

Topics and outcomes informed by LUAC since last report

- Thrive MSP 2040
 - Regional forecasting
 - Local planning assistance fund
 - Overall plans for and input into Thrive MSP 2040
- Presentation on peer cities and regions to Committee of the Whole on June 20, 2012

Value of input from LUAC on Thrive MSP 2040

- Perspective of local government officials, nonprofits and other organizations
- Expertise on pertinent issues and policies
- Content and communication tested early in process; Q&A provides feedback
- Insight into implementation

Examples of advice from LUAC

- Need metro-wide system for water supply
- Educate on how affordable housing looks to help change negative perceptions
- Work on local support and partnerships
- Address how big shifts in the state-local government relationship will challenge implementation of regional policies

Examples of questions from LUAC

- Can forecasting models evaluate how fiscal constraints will impact the public sector?
- What role will the Council have in the regional economy and job growth?
- What percentage of the population cannot be served by market-rate housing?

Discussion

- Thrive MSP 2040
- Other topics
