### **Proposed Action**

That the Metropolitan Council recognize the publication of the Central Corridor Light Rail Transit (LRT) Supplemental Draft Environmental Impact Statement (SDEIS) as approved by the FTA and approve 45-day public comment period including the scheduling of at least three (3) public hearings. Hearings have been scheduled for the following dates and times.

- Monday, August 4, Noon (12:00 p.m.), Wilder Foundation, 451 Lexington Parkway N., St. Paul  
An open house will precede the hearing from 11:30 a.m. to noon
- Thursday, August 7, 6:00 p.m., Brian Coyle Center, 420 15<sup>th</sup> Ave. S., Minneapolis  
An open house will precede the hearing from 5:00 to 6:00 p.m.
- Saturday, August 9, 2:00 p.m., Goodwill Easter Seals, 553 Fairview Ave. N., St. Paul  
An open house will precede the hearing from 1:00 to 2:00 p.m.

### **Background**

Business item 2007-391, passed by the Council on December 12, 2007, authorized the publication of a Notice of Intent to prepare an SDEIS for the Central Corridor LRT project. The scope of the document was limited to disclosing changes from the Locally Preferred Alternative as documented in the April 2006 DEIS with a specific focus on key elements including the following issues:

1. Hiawatha / Central Connection
2. University of Minnesota alignment (tunnel vs. at-grade and stations)
3. Potential Added Station at: Western, Victoria or Hamline
4. Capitol Area Alignment/Station Modifications
5. Downtown St. Paul Alignment/Station Modifications
6. Right-of-Way for Systems Components – traction power substations
7. Design for 2- or 3-Car Trains / Platforms
8. Maintenance and Storage Facility Needs

Subsequent to passage of this business item, the FTA required the addition of Washington Avenue Bridge modifications and/or improvements to the SDEIS. The SDEIS is now complete and has been approved for publication by the FTA with a scheduled publication date of July 11, 2008. A formal public comment period will commence upon publication to conclude on August 25, 2008.

**Rationale**

Holding a minimum of one public hearing is a requirement of state and federal environmental regulations. Holding three public hearings is desirable, as part of thoroughly gathering public input and providing reasonable opportunities for the public to attend.

**Funding**

There are no funding considerations associated with recognizing the publication of the SDEIS or authorizing conducting public hearings as part of the 45-day public comment period.

**Known Support / Opposition**

The Metropolitan Council and its Central Corridor Partners support this action. There is no known opposition.
