For the Metropolitan Council meeting of August 10,  
2011

Item: 2011-209

**ADVISORY INFORMATION**

Date August 2, 2011  
Prepared:  
Subject: Park Acquisition Opportunity Grant for 1.4 acre parcel easement in  
Lebanon Hills Regional Park, Dakota County

**Proposed Action:**

That the Metropolitan Council authorize a grant of \$17,700 from the Environment and Natural Resources Trust Fund Acquisition Account in the Park Acquisition Opportunity Fund to Dakota County to partially finance the acquisition of a permanent easement on the 1.4 acre (Doebber) parcel as depicted in Figure 1 for Lebanon Hills Regional Park. The grant should be financed with:

\$10,620 from the 2009 Environment and Natural Resources Trust Fund appropriation  
\$ 7,080 from Metropolitan Council bonds

**Summary of Committee Discussion / Questions:**

The Committee inquired about the acquisition including a portion of Holland Lake. Staff replied that this lake is "non-meandered". The non-meandered lake area is split into parcels and includes adjacent lakeshore and a portion of the lake. "Meandered lakes" are lakes in which the area covered by the normal high water mark of the lake is owned by the State of Minnesota and the lakeshore beyond the normal high water mark is split into parcels.

The Committee unanimously approved the proposed action.

## Proposed Action

That the Metropolitan Council authorize a grant of \$17,700 from the Environment and Natural Resources Trust Fund Acquisition Account in the Park Acquisition Opportunity Fund to Dakota County to partially finance the acquisition of a permanent easement on the 1.4 acre (Doebber) parcel as depicted in Figure 1 for Lebanon Hills Regional Park. The grant should be financed with:

\$10,620 from the 2009 Environment and Natural Resources Trust Fund appropriation  
\$ 7,080 from Metropolitan Council bonds

## Background

Dakota County has submitted a request for a Park Acquisition Opportunity Fund Grant of \$17,700 to help finance the acquisition of a permanent conservation easement on a 1.4 acre inholding parcel (Doebber parcel) in Lebanon Hills Regional Park. Grants from the Park Acquisition Opportunity Fund are awarded under a set of rules that were approved by the Council on June 24, 2009. The rules allow a grant or grants totaling \$1.7 million per year (July 1 to June 30) to a park agency to finance up to 75% of the purchase price of the property plus related costs.

## Rationale

Minnesota Statute Section 473.315 authorizes the Metropolitan Council to make grants to Regional Park Implementing Agencies to cover the cost, or any portion of the cost, of acquiring or developing regional recreation open space in accordance with the *Updated 2030 Regional Parks Policy Plan*.

## Funding

Total costs to acquire the permanent conservation easement on the parcel including associated costs that are grant eligible totals \$23,600. Seventy-five percent of that cost is \$17,700. Two accounts from State appropriations and Metro Council bond matching funds finance acquisition of land with or without structures on them. The combined balance of both accounts is \$11,731,354 under the assumption that this grant is approved and new State appropriations from recently enacted budget bills totaling \$5,440,000 and Metropolitan Council bond matching funds totaling

\$3,627,000 are added to the Council's Unified Capital Program under agenda item 2011-205.

**Known Support / Opposition**

The Metropolitan Parks and Open Space Commission considered this matter at its July 19 meeting and unanimously approved the recommendation to approve the Park Acquisition Opportunity Fund grant.

**SUBJECT:** (2011-209) Park Acquisition Opportunity Grant for 1.4 acre parcel easement in Lebanon Hills Regional Park, Dakota County

## **INTRODUCTION**

In 2001, the Metropolitan Council established a Park Acquisition Opportunity Fund grant program to assist regional park agencies in acquiring land for the Metropolitan Regional Park System. Land that is acquired must be within Metropolitan Council approved master plan boundaries for that particular park or trail unit. To-date, about \$21.8 million has been granted for the acquisition of 1,867 acres. The total related acquisition costs and market value of this land is about \$61.3 million. (See Attachment 2 at the end of this memorandum for a list of all grants awarded).

Dakota County has submitted a request for a Park Acquisition Opportunity Fund Grant to help finance the acquisition and related costs for a permanent conservation easement on 1.4 acres in Lebanon Hills Regional Park. The grant request is \$17,700. (See **Attachment 1: Letter from Steve Sullivan, Dakota County**)

This memorandum analyzes the request against the rules for Park Acquisition Opportunity Fund grants. The memorandum recommends approving the grant. If \$17,700 is awarded, there would be \$2,664,354 for future land acquisitions.

## **AUTHORITY TO REVIEW**

Minnesota Statute Section 473.315 authorizes the, “Metropolitan Council, with the advice of the Metropolitan Parks and Open Space Commission, to make grants from any funds available to it for recreation open space purposes to any municipality, county or Park District located wholly or partially within the metropolitan area to cover the cost, or any portion of the cost, of acquiring or developing regional recreation open space in accordance with the *Regional Recreation Open Space Policy Plan*”.

## **BACKGROUND**

The Park Acquisition Opportunity Fund is comprised of two accounts:

The first account is called the Environment and Natural Resources Trust Fund Acquisition Account, which is used to purchase land with high quality natural resource characteristics. No residential structures can be acquired with this account. These parcels do not have structures on them and qualify for this account. This account has a balance of \$2,042,505 comprised of \$1,225,503 of Environment and Natural Resources Trust Fund revenue appropriated in the 2009 Legislative Session and \$817,002 of bonds issued by the Metropolitan Council as a 40% match to the State appropriation.

The second account is called the Parks and Trails Fund Acquisition Account, which is used to purchase land that has low natural resource characteristics and any related structures –typically a parcel with a house or other buildings. This account is financed with Parks and Trails Fund appropriations from the Land and Legacy Amendment plus bonds issued by the Metropolitan Council. This account has a balance of \$639,549 comprised of Metropolitan Council bonds at this time. A new appropriation from

the Parks & Trails Legacy Fund for FY 2012-13 has not been appropriated by law at this time. That appropriation would become available once an appropriation is signed into law for other land acquisitions.

The combined balance of both accounts is \$2,682,054 at this time. An additional appropriation of \$2,250,000 of Environment and Natural Resources Trust Fund revenue along with a \$1.5 million Metropolitan Council bond match may be added to this account as that is proposed in the recently vetoed Environment Budget bill. However, no appropriation can be made until it is enacted into law. A new appropriation of \$3.19 million from the Parks & Trails Legacy Fund for FY 2012-13 and matching Metropolitan Council bonds of \$2.127 million has not been appropriated by law at this time. That appropriation would become available for other land acquisitions that did not qualify for funding from the Environment and Natural Resources Trust Fund Acquisition Account. The cumulative total of these potential appropriations and the current balance in the Fund is \$11,749,054. The existing and potential State appropriations that total \$6,655,185 would have to be spent by June 30, 2014 as they have expiration dates on their availability.

Grants from the Park Acquisition Opportunity Fund are awarded under a set of rules that were approved by the Council on June 24, 2009. The rules allow a grant or grants totaling \$1.7 million per year (July 1 to June 30) to a park agency to finance up to 75% of the purchase price of the property plus related costs.

The 1.4 acre parcel proposed for the easement acquisition is depicted in **Figure 1** -- an aerial photograph and map of the parcel in relation to the park.

**Figure 1: Aerial photo and map of 1.4 acre (Doebber) parcel for Lebanon Hills Regional Park, Dakota County**

## ANALYSIS

### Acquisition cost analysis

The total costs to acquire an easement for the parcels that is grant eligible is \$23,600 as shown in Table 1:

**Table 1: Costs for permanent easement of 1.4 acre (Doebber) parcel for Lebanon Hills Regional Park, Dakota County**

Parcel	Cost
Purchase price of easement	\$ 19,500
Appraisal	\$ 2,800
Closing costs	\$ 800
Stewardship	\$ 500
<b>Total</b>	<b>\$ 23,600</b>

Dakota County requests that the acquisition be financed with the following revenue sources as shown in Table 2:

**Table 2: Revenue Sources for permanent easement of 1.4 acre (Doebber) parcel for Lebanon Hills Regional Park, Dakota County**

Metropolitan Council Park Acquisition Opportunity Fund (75%)	\$ 17,700
Dakota County (25%)	\$ 5,900
<b>Total:</b>	<b>\$ 23,600</b>

This parcel qualifies for funding from the Environment and Natural Resources Trust Fund Acquisition Account because the parcel does not include a residential structure and includes high quality natural resources. In this case, shoreline of Holland Lake. The Park Acquisition Opportunity Fund grant would be financed as shown in Table 3.

**Table 3: Park Acquisition Opportunity Grant Revenue Sources for permanent easement of 1.4 acre (Doebber) parcel for Lebanon Hills Regional Park, Dakota County**

Revenue Sources	Amount
2009 Environment and Natural Resources Trust Fund appropriation	\$ 10,620
Metropolitan Council bonds	\$ 7,080
<b>Total Grant</b>	<b>\$ 17,700</b>

### Rules for distributing grants from Park Acquisition Opportunity Fund

On June 24, 2009 the Metropolitan Council adopted rules that govern the distribution of grants from the Fund on a yearly basis--July 1 to June 30. Those rules are indicated below in italic font. The following findings indicate that these rules have been met for Dakota County's grant request.

*A. Grants from the Park Acquisition Opportunity Fund may only be awarded to finance a portion of the cost to acquire land within Metropolitan Council-approved master plan boundaries, and only after the requesting regional park implementing agency has used available acquisition grant funds previously provided by the Metropolitan Council.*

Dakota County's request is consistent with this rule because the parcel is within the Metropolitan Council-approved master plan for Lebanon Hills Regional Trail. Plus, the park agency does not have acquisition grant funds previously provided by the Metropolitan Council to finance these acquisitions.

*B. Any interest cost on a contract for deed or other timed payment plan is not eligible for grant funding. The value of a discounted sale (i.e. the difference between the appraised value and a reduced sale price) is not counted as part of the cost to acquire land and is not included as part of a local match to the grant.*

The grant proposed here would be the only transaction for the parcel. The purchase price for the easement is the negotiated price based on a certified appraisal for the land.

*C. Grants from the Park Acquisition Opportunity Fund may finance a portion of the actual cost to acquire land after deducting any Metropolitan Council grants and other grants used to finance a portion of the cost as follows:*

*The Park Acquisition Opportunity Fund Grant finances 75% of the net cost of acquiring the land which is defined as the purchase price—not the appraised value; legal fees, appraisal costs and other closing costs incurred by the park agency; the property tax equivalency payment due to the city or township; and stewardship costs.*

*A contribution of 25% of the net cost of acquiring the land up to \$567,000 that is financed by regional park implementing agency funds or other sources is not eligible for reimbursement consideration by the Metropolitan Council. Seventy-five percent (75%) of a contribution above \$567,000 that is financed with regional park implementing agency funds only is eligible for reimbursement consideration by the Metropolitan Council.*

Dakota County's request is 75% of the costs to acquire the permanent easement for this parcel. Dakota County will provide a 25% non-reimbursable match to the Council's grant. The grant request and match to the Council's grant is consistent with this rule.

*The maximum grant(s) available to a park agency is \$1.7 million during the July 1 to June 30 time period.*

The grant is within the \$1.7 million limit for Dakota County during this time period. This grant would be considered by the Metropolitan Council on July 27. If it is awarded, the Metropolitan Council could award Dakota County other acquisition grants totaling \$1,682,300 prior to June 30, 2012 under this rule.

#### **CONCLUSION:**

The Environment and Natural Resources Trust Fund Acquisition Account in the Park Acquisition Opportunity Fund should be used to finance this grant because it is consistent with the utilization of this account.

#### **RECOMMENDATION:**

That the Metropolitan Council authorize a grant of \$17,700 from the Environment and Natural Resources Trust Fund Acquisition Account in the Park Acquisition Opportunity Fund to Dakota County to partially finance the acquisition of a permanent easement on the 1.4 acre (Doebber) parcel as depicted in Figure 1 for Lebanon Hills Regional Park. The grant should be financed with:

\$10,620 from the 2009 Environment and Natural Resources Trust Fund appropriation  
\$ 7,080 from Metropolitan Council bonds

Dear Arne:

Dakota County requests Metropolitan Council consideration authorizing a \$17,700 Acquisition Opportunities Fund grant for the purchase of a permanent natural area conservation easement on the Harlan J. and Mary L. Doebber property within Lebanon Hills Regional Park (Attachment A: Location Map).

The Doebbers own 4.9 acres - of which 1.4 acres is located south of Cliff Road in Eagan and within the northern border of Lebanon Hills Regional Park. The 1.4-acre in-holding consists of approximately 0.34 acres of shoreline and upland and 1.06 acres of water in Holland Lake. Holland Lake has the highest water quality of the 20 lakes and ponds located within the park. Restoration of the shoreline, eliminating private use and facilitating the planned regional connector trail make this small acquisition important.

The County contacted the Doebber family in July 2007 in conjunction with a stormwater management project initiated by the City of Eagan. On October 9, 2007, (Resolution No. 07-438) the Dakota County Board of Commissioners authorized an appraisal and negotiations with the Doebber family to acquire fee title to the 1.4 acres. However, due to a lack of acquisition agreements with either of the two adjoining landowners and the costs and time for legally subdividing the property, the fee acquisition was delayed and recently terminated.

An alternative approach of acquiring a permanent natural area conservation easement with public access was suggested to the landowner as way of benefitting both parties. The landowners agreed and a new appraisal was completed in late 2010 that established an appraised value for both the easement and fee title at \$19,500. In May, the Doebbers agreed to sell a 1.4-acre permanent natural area conservation easement with public access to the County.

The County Board is expected to approve the acquisition at its June 21, 2011, meeting.

The request for \$17,700 of Acquisition Opportunity grant funds is based on 75 percent of the following estimated expenses:

- Appraisals \$2,800
- Closing costs \$800
- Stewardship \$500
- Purchase of permanent easement \$19,500
- \$23,600

Thank you for considering this request.

Sincerely,

Steve Sullivan, Director  
Dakota County Parks and Open Space

Al Singer, Land Conservation Manager  
Dakota County Parks and Open Space
