For the Metropolitan Council meeting of June 27, 2012

Item: 2012-198

June 18, 2012

**Date Prepared:****Subject:** Park Acquisition Opportunity Fund Grant Request for Big Marine Park Reserve, Washington County**Proposed Action:**

That the Metropolitan Council authorize a grant of up to \$329,550 from the Environment and Natural Resources Trust Fund Acquisition Account in the Park Acquisition Opportunity Fund to Washington County to finance 75% of the acquisition costs to acquire the 2.65 acre Knauff parcel as depicted in Figure 1 for Big Marine Park Reserve. The grant should be financed with:

\$197,730 from the 2009 Environment and Natural Resources Trust Fund appropriation  
\$131,820 from Metropolitan Council bonds

**Summary of Committee Discussion / Questions:**

The Committee discussed the Metropolitan Parks and Open Space Commission's consideration of this grant at their June 5<sup>th</sup> meeting where Mr. Brent Reibel, who owns a home within the approved master plan boundary of the park and has a legal dispute with Washington County and May Township, stated his preference that his land be removed from the park's boundary. His land is not what is proposed to be acquired with the recommended grant. It was noted that the Washington County Board of Commissioners has considered Mr. Reibel's request and decided to keep his land within the park master plan boundary.

The Committee concluded that Mr. Reibel's legal dispute with Washington County and May Township was not relevant to the grant award issue. The grant request was consistent with the rules for awarding Park Acquisition Opportunity Fund grants. The Metropolitan Council does not have the legal authority to unilaterally change regional park master plan boundaries.

The Committee unanimously approved the recommendation.

**Proposed Action**

That the Metropolitan Council authorize a grant of up to \$329,550 from the Environment and Natural Resources Trust Fund Acquisition Account in the Park Acquisition Opportunity Fund to Washington County to finance 75% of the acquisition costs to acquire the 2.65 acre Knauff parcel as depicted in Figure 1 for Big Marine Park Reserve. The grant should be financed with:

\$197,730 from the 2009 Environment and Natural Resources Trust Fund appropriation  
\$131,820 from Metropolitan Council bonds

**Background**

Washington County has submitted a request for a Park Acquisition Opportunity Fund Grant to help finance the acquisition and related costs for 2.65 acres for Big Marine Park Reserve. Total cost of the acquisition is \$439,400. Under the rules of the Park Acquisition Opportunity Fund grant program 75% of that cost or \$329,550 is requested.

**Rationale**

In 2001, the Metropolitan Council established a Park Acquisition Opportunity Fund grant program to assist regional park agencies in acquiring land for the Metropolitan Regional Park System. Land that is acquired must be within Metropolitan Council approved master plan boundaries for that particular park or trail unit.

**Funding**

This parcel qualifies for funding from the Environment and Natural Resources Trust Fund Acquisition Account, which is used to purchase land with high quality natural resource characteristics. No residential structures can be acquired with this account. If \$329,550 is awarded, there would be \$2,235,330 for future land acquisitions that qualify from the Environment and Natural Resources Trust Fund Acquisition Account until June 30. Then an

additional \$1,875,000 would be added on July 1 from a Fiscal Year 2013 appropriation and matching Metro Council bonds for a projected balance of \$4,110,330.

### **Known Support / Opposition**

The Metropolitan Parks and Open Space Commission considered this grant request at its meeting on June 5, 2012. The Commission's discussion about the grant request is summarized as follows:

- Mr. Brent Reibel, who owns a home within the approved master plan boundary of the park, described his legal dispute with Washington County and May Township as well as his preference that his land be removed from the park's boundary. He proposed that the Metropolitan Council not approve this grant and remove his land as well as land north of his home from the park's boundary.
- John Elholm, Washington County Parks Director noted that the Washington County Board had considered Mr. Reibel's request and attorneys for the County and Mr. Reibel were working on Mr. Reibel's legal dispute. The Washington County Board has maintained its position that the park boundary should not be amended to delete Mr. Reibel's land and other land north of his home from the park. The land proposed for acquisition with this grant is consistent with the Metropolitan Council approved park master plan and with the rules for awarding Park Acquisition Opportunity Fund grants.
- The Commission concluded that Mr. Reibel's legal dispute with Washington County and May Township was not relevant to the grant award issue. The grant request was consistent with the rules for awarding Park Acquisition Opportunity Fund grants. The Metropolitan Council does not have the legal authority to unilaterally change regional park master plan boundaries.

The Commission unanimously approved the recommendation.

**SUBJECT:** (2012-198) Park Acquisition Opportunity Fund Grant Request for Big Marine Park Reserve, Washington County  
Metropolitan Parks & Open Space Commission District F: Daniel Schlaferman

**INTRODUCTION**

In 2001, the Metropolitan Council established a Park Acquisition Opportunity Fund grant program to assist regional park agencies in acquiring land for the Metropolitan Regional Park System. Land that is acquired must be within Metropolitan Council approved master plan boundaries for that particular park or trail unit. To-date, about \$25.1 million has been granted or pending for the acquisition of 1,940 acres. The total related acquisition costs and market value of this land is about \$65.6 million. (See Attachment 2 at the end of this memorandum for a list of all grants awarded and pending as of May 25, 2012).

Washington County has submitted a request for a Park Acquisition Opportunity Fund Grant to help finance the acquisition and related costs for 2.65 acres for Big Marine Park Reserve. Total cost of the acquisition is \$439,400. Under the rules of the Park Acquisition Opportunity Fund grant program 75% of that cost or \$329,550 is requested. (See Attachment 1: Letter from John Elholm, Washington County)

This memorandum analyzes the request against the rules for Park Acquisition Opportunity Fund grants. The memorandum recommends approving the grant. If \$329,550 is awarded, there would be \$2,235,330 for future land acquisitions that qualify from the Environment and Natural Resources Trust Fund Acquisition Account until June 30. Then an additional \$1,875,000 would be added on July 1 from a Fiscal Year 2013 appropriation and matching Metro Council bonds for a projected balance of \$4,110,330.

**AUTHORITY TO REVIEW**

Minnesota Statute Section 473.315 authorizes the "Metropolitan Council with the advice of the Metropolitan Parks and Open Space Commission to make grants from any funds available to it for recreation open space purposes to any municipality, park district or county located wholly or partially within the metropolitan area to cover the cost, or any portion of the cost, of acquiring or developing regional recreation open space in accordance with the [*Regional Recreation Open Space*] Policy Plan".

## **BACKGROUND**

The Park Acquisition Opportunity Fund is comprised of two accounts:

The first account is called the Environment and Natural Resources Trust Fund Acquisition Account, which is used to purchase land with high quality natural resource characteristics. No residential structures can be acquired with this account. This account has a projected balance of \$2,564,880 at this time pending approval of a recommended grant from this account on June 13. The account is comprised of \$1,433,277 of Environment and Natural Resources Trust Fund revenue appropriated in the 2009 and 2011 Legislative Sessions and \$1,131,604 of bonds issued by the Metropolitan Council as a 40% match to the State appropriation. If the \$329,550 grant is awarded this account would have a balance of \$2,235,330 until June 30. Then an additional \$1,875,000 would be added on July 1 from a Fiscal Year 2013 appropriation and matching Metro Council bonds for a projected balance of \$4,110,330.

The second account is called the Parks and Trails Legacy Fund Acquisition Account, which is used to purchase land that has low natural resource characteristics and any related structures –typically a parcel with a house or other buildings. This account is financed with Parks and Trails Legacy Fund appropriations from the Land and Legacy Amendment plus bonds issued by the Metropolitan Council. This account has a balance of \$1,152,678 at this time pending approval of a recommended grant from this account on June 13. The account is comprised of \$532,841 of FY 2012 Parks and Trails Legacy Funds and \$1,019,837 of Metropolitan Council bonds until June 30. Then an additional \$2,690,000 would be added on July 1 from a Fiscal Year 2013 appropriation and matching Metro Council bonds for a projected balance of \$4,242,678.

Assuming the \$329,550 grant is awarded, the combined balance of both accounts would be \$3,788,008. If we add the FY 2013 appropriations and matching Metro Council bonds that become available in both accounts on July 1 the combined balance of both accounts would be \$8,353,008.

Grants from the Park Acquisition Opportunity Fund are awarded under a set of rules that were approved by the Council on June 24, 2009 and amended on December 14, 2011. The rules allow a grant or grants totaling \$1.7 million per year (July 1 to June 30) from each account to a park agency to finance up to 75% of the purchase price of the property plus related costs.

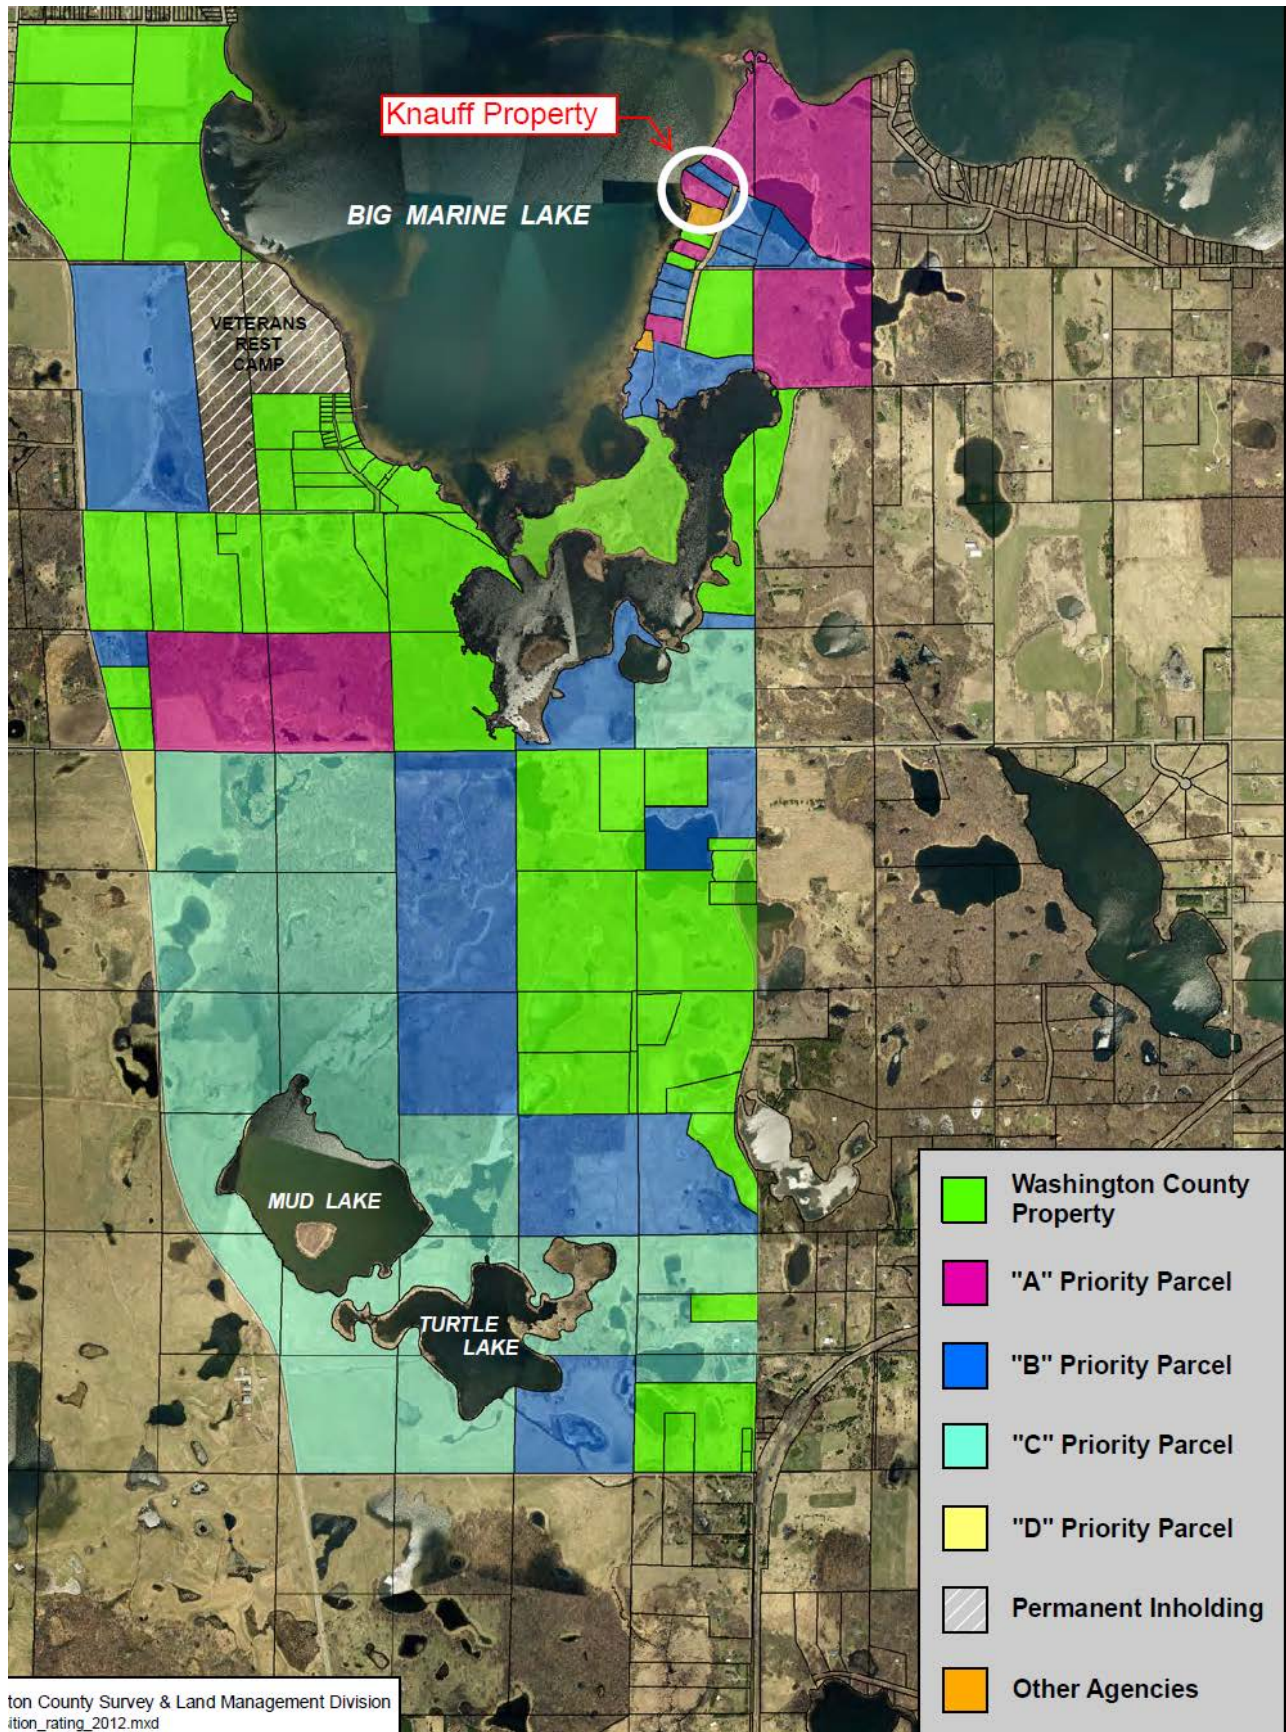

The 2.65 acre proposed for acquisition, hereafter called the Knauff parcel is depicted in Figure 1 – an aerial map of the parcel. The map illustrates outbuildings, docks and boats that have been since been removed from the property. Its value is due to the lakeshore of Big Marine Lake.

**Figure 1: Aerial map of Knauff parcel**

Figure 2 illustrates the parcel in the context of the park's acquisition plan. It is an "A high priority" parcel.

## ANALYSIS

### Acquisition cost analysis

The total costs to acquire fee title for the 2.65 acre Knauff parcel including related grant eligible costs is \$439,400 as shown in Table 1:

**Table 1: Costs for fee title acquisition of 2.65 acre Knauff parcel for Lake Big Marine Park Reserve, Washington County**

<b>Parcel</b>	<b>Cost</b>
Purchase price	\$ 430,000
Appraisal	\$ 1,500
Phase 1 Environmental Study	\$ 2,100
Closing Costs	\$ 1,500
Payment in Lieu of Property Taxes (180% of city taxes due at closing)	\$ 2,500
Pro-rated share of all local property taxes due at closing	\$ 1,800
<b>Total</b>	<b>\$ 439,400</b>

Washington County requests that the acquisition be financed with the following revenue sources as shown in Table 2:

Metropolitan Council Park Acquisition Opportunity Fund (75%)	\$ 329,550
Washington County (25%)	\$ 109,850

This parcel qualifies for funding from the Environment and Natural Resources Trust Fund Acquisition Account because it includes lakeshore and other natural resource features. The Park Acquisition Opportunity Fund grant would be financed as shown in Table 3.

## **Rules for distributing grants from Park Acquisition Opportunity Fund**

On June 24, 2009 the Metropolitan Council adopted rules that govern the distribution of grants from the Fund on a state fiscal year basis--July 1 to June 30. The rules were amended on December 14, 2011. Those rules are indicated below in italic font. The following findings indicate that these rules have been met for Washington County's grant request.

*A. Grants from the Park Acquisition Opportunity Fund may only be awarded to finance a portion of the cost to acquire land within Metropolitan Council-approved master plan boundaries, and only after the requesting regional park implementing agency has used available acquisition grant funds previously provided by the Metropolitan Council.*

Washington County's request is consistent with this rule because the parcels are within the Metropolitan Council-approved master plan boundary for Big Marine Park Reserve. Plus, the park agency does not have acquisition grant funds previously provided by the Metropolitan Council to finance this acquisition.

*B. Any interest cost on a contract for deed or other timed payment plan is not eligible for grant funding. The value of a discounted sale (i.e. the difference between the appraised value and a reduced sale price) is not counted as part of the cost to acquire land and is not included as part of a local match to the grant.*

The grant proposed here would be the only transaction for the parcel.

*C. Grants from the Park Acquisition Opportunity Fund may finance a portion of the actual cost to acquire land after deducting any Metropolitan Council grants and other grants used to finance a portion of the cost as follows:*

*The Park Acquisition Opportunity Fund Grant finances 75% of the net cost of acquiring the land which is defined as the purchase price—not the appraised value; legal fees, appraisal costs and other closing costs incurred by the park agency; the property tax equivalency payment due to the city or township; and stewardship costs.*

*A contribution of 25% of the net cost of acquiring the land up to \$567,000 that is financed by regional park implementing agency funds or other sources is not eligible for reimbursement consideration by the Metropolitan Council. Seventy-five percent (75%) of a contribution above \$567,000 that is financed with regional park implementing agency funds only is eligible for reimbursement consideration by the Metropolitan Council.*

Washington County's request is 75% of the costs to acquire fee title to this parcel. Washington County will provide a 25% non-reimbursable match to the Council's grant. The grant request and match to the Council's grant is consistent with this rule.

*The maximum grant(s) available to a park agency is \$1.7 million from the Environment and Natural Resources Trust Fund Acquisition Account and \$1.7 million from the Parks and Trails Legacy Fund Acquisition Account during the July 1 to June 30 time period.*

The grant is within the \$1.7 million limit from the Environment and Natural Resources Trust Fund Acquisition Account during this time period.

**CONCLUSION:**

The Environment and Natural Resources Trust Fund Acquisition Account in the Park Acquisition Opportunity Fund should be used to finance this grant because it is consistent with the utilization of this account.

**RECOMMENDATION:**

That the Metropolitan Council authorize a grant of up to \$329,550 from the Environment and Natural Resources Trust Fund Acquisition Account in the Park Acquisition Opportunity Fund to Washington County to finance 75% of the acquisition costs to acquire the 2.65 acre Knauff parcel as depicted in Figure 1 for Big Marine Park Reserve. The grant should be financed with:

\$197,730 from the 2009 Environment and Natural Resources Trust Fund appropriation  
\$131,820 from Metropolitan Council bonds
