**Proposed Action**

That the Metropolitan Council authorize its Regional Administrator to award and execute a contract for construction of the 1-MN-330 Interceptor Rehabilitation Project 807620, Contract 11P015, with Lametti and Sons, Inc. for their bid of \$4,353,700.

**Background**

Interceptor 1-MN-330 is a 24" clay pipe originally constructed in 1900, with portions reconstructed in 1919 and 1927. MCES recently inspected the interceptor and found structural defects in the pipe including cracks, pipe deformations, and sags.

The project scope includes rehabilitation of 9,300 feet of Interceptor 1-MN-330 with cured in place pipe. Two bids for \$4,270,950 and \$4,353,700 were received and opened on June 12, 2012. The bids were approximately 18 percent lower than the Engineer's estimate of \$5,263,000. The apparent low bidder was found to be non responsive. Lametti and Sons, Inc. submitted the only responsive bid.

The Disadvantaged Business Enterprise participation goals are 5% Minority Business Enterprise (MBE) and 10% Women's Business Enterprise (WBE). The Office of Diversity and Equal Opportunity has determined that Lametti and Sons, Inc. made a good faith effort to achieve the participation goals for this contract.

**Rationale**

Construction contract awards exceeding \$1,000,000 require Council authorization.

**Funding**

Funding is provided in the 2012 MCES Capital Program, Project Number 807620.
